**LARGES RECOGNITION
OF THE NEW REGIME.**

**Consul Silliman Gives Wilson a Solution
of the Mexican Problem.**

Conference in Washington with Secretary Bryan and
the President May Have Momentous Bearing on the
Aspirations of Gen. Carranza and the Party of
the Constitutionalists.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
WASHINGTON BUREAU OF
THE TIMES, Oct. 6.—Secretary
Bryan and John R. Silliman,
Consul at Saltillo, had a conference
with President Wilson over
the Mexican situation. The
President can discuss
the situation in a conference with
Silliman, who is United States
Consul at Saltillo, Mex. has been
acting as President Wilson's personal
representative in Mexico for some
weeks. A few days ago he tele-
graphed the State Department, ask-
ing permission to come to Washing-
ton for a consultation. He was told
that what was discussed was given out
at the White House after the confer-
ence. Secretary Bryan refused to
make any comment.
Mr. Silliman, who is United States
Consul at Saltillo, Mex. has been
acting as President Wilson's personal
representative in Mexico for some
weeks. A few days ago he tele-
graphed the State Department, ask-
ing permission to come to Washing-
ton for a consultation. He was told
that what was discussed was given out
at the White House after the confer-
ence. Secretary Bryan refused to
make any comment.
The fact that he was accompanied
from Mexico by Richard Cole, who
gave out a statement at St. Louis,
saying that he was coming to Wash-
ington in behalf of Gen. Carranza and
expected recognition of Carranza by
the United States would come soon,
led to speculation along this line.
Mr. Silliman said he had discussed
the advisability of making some pub-
lic statement with Secretary Bryan
and it had been decided not to do so.
Brig. Gen. Bliss, commanding the
American troops on the Mexican bor-
der, expressed the opinion in a dis-
patch today that Gov. Maytorena's as-
sault on Gen. Benjamin Hill, the Car-
ranza leader in Sonora, would not oc-
cur within a week, though May-
torena's forces invest the east, south
and west of Naco.
Gen. Bliss added that Col. Guil-

WASHINGTON. The war revenue
bill as it stands at present imposes a
much heavier tax on liquors, which will
bear the chief burden of making up the
treasury deficit.
MEXICO. The question of recognizing
the new government of Mexico was the
subject of a conference between Bryan,
Wilson and Consul Silliman.
Evacuation of Vera Cruz is delayed
because Carranza refuses to agree to the
demands of the United States.
THE GREAT WAR.
THE SITUATION TO DATE. That
the battle between the Allies and the
Germans to the north of the River Oise
is growing more violent is the only state-
ment permitted to winnow through the
siege of official secrecy.
No mention was made in dispatches of
the strong forces of German cavalry
reported to be operating in the depart-
ment of Nord.
Both Germany and Russia continue to
report successes in East Prussia and
Galicia.
Winston Spencer Churchill, first lord
of the British admiralty, is said to be at
Antwerp.
COMMENT ON THE SITUATION.
Yesterday was the sixty-third day
of the war in Europe. No decisive re-
sults have anywhere been achieved. A
London review says the English
press would not be surprised if the
"gigantic" operations in what is called
the eastern theater of war brought a
decisive result, or termination of the
conflict before the operations in the
Northern France have been completed.
At the same time, however, senti-
mental interest is centered in the war
in France. Reports from Petrograd
maintain that the invaders are being
repulsed everywhere. The long-ex-
pected battle of Crescow is said to be
still a long way off. Steamship ser-
vice between Tilbury, England, and
Antwerp has been suspended. This
may mean that the Germans have
taken Antwerp or that the great Bel-
gian seaport is about to fall.
A robbery at San Ber-
nardino, Cal., was held up by an
armed man in a car. The man was
taken to a hospital and is now in a
critical condition.

**WHY HEINZE
QUIT BANK.**

**TOLD TO GET OUT OF GOTHAM
CLEARINGHOUSE.**

Charles W. Morse Subpoenaed as
Witness in Hearing of Success Brought
by Edwin Gould to Recover Pro-
ceeds of Notes Aggregating Mil-
lion Dollars.

[BY A. P. NIGHT WIRE.]
NEW YORK, Oct. 6.—F. Augustus
Heinze took the stand in his own de-
fense in the Supreme Court today in
the suit brought against him by Ed-
win Gould to recover the proceeds of
promissory notes aggregating \$1,000,-
000 and interest, alleged to have been
given by Heinze to Gould in payment
for stock of the Mercantile National
Bank of this city. Heinze claims he
was induced to buy the stock through
misrepresentations of its value.
Mr. Heinze testified that as an in-
ducement to purchase \$800 shares of
stock in the bank, he was offered the
presidency at a salary of \$20,000 a
year. He accepted, he said, but as he
was president or director in twenty or
twenty-five mining corporations in the
west, he found little time to attend
to duties in the Mercantile and turned
over to the vice-president, Miles
O'Brien. He also declared his salary
went to pay for the stock he pur-
chased. At no time, he added, did he
examine the bank's assets or liabil-
ities.
Charles W. Morse, present at the
trial today, said he has been sub-
poenaed as a witness. Morse figured
in the story Heinze told on the stand.
Heinze testified that in 1906 Edwin
Gould and a man named Taylor of-
fered him the presidency if he would
buy stock and referred him to Morse.
O'Brien, Heinze said, was then
chairman of the Financial Com-
mittee, told him the bank's stock was
worth more than the quoted price be-
cause there was \$1,000,000 in buried
assets—assets not appearing in the
bank's statements. O'Brien confirmed
this statement, Heinze said, and on
Morse's recommendation Heinze pur-
chased the stock.
Under cross-examination Heinze
said he and Morse controlled about
14,300 shares of the bank's stock. He
said it was true that the deposits,
which were \$20,000,000 when he took
the presidency, had dwindled to about
\$8,000,000 when he resigned in 1907.
Asked why he resigned, he replied:
"I was told to get out by the New
York Clearinghouse Committee and I
got out."

**RAIDS OF GERMAN CAVALRY
MAY CUT OFF ALLIES' SUPPLIES.**

BY AN ASSOCIATE EDITOR OF "THE ARMY AND NAVY JOURNAL."

NEW YORK BUREAU OF THE
TIMES, Oct. 6.—The appearance
of German cavalry in force in the
vicinity of Lille indicates that the
Germans are planning to make a great
cavalry raid similar to those by which
Sheridan's cavalry corps crippled the
Confederate supply service during his
great raids of May and June, 1864.
Such troops are of little value in
the close fighting that is now going
on along the greater part of the line
of battle. Their mobility, however,
will give them a special importance in
the field in which they have appeared.
By moving forward rapidly they may
be able to get behind the left flank
of the allies and thus turn the flank
of the turning force. By thus fur-
nishing the allies a dose of their own
medicine, the German cavalry may be
able to paralyze the movements of
forces much in excess of their own
numbers. The stopping of this move
on the part of the Germans will large-
ly depend upon the strength of the
British forces now present in this part
of France.

URGES HIGHER RATES.

**Northern Pacific Wants Restoration
of the Three-Cent Fare and Ten Per
Cent. Freight Increase.**

[BY A. P. NIGHT WIRE.]
NEW YORK, Oct. 6.—The necessity
for higher passenger and freight rates
was urged at the annual meeting of
the Northern Pacific Railway Com-
pany in this city today. The principal
argument was made by G. A. Buder
of St. Louis, owner of a substantial
amount of Northern Pacific stock, and
spokesman for other Missouri share-
holders.
Mr. Buder advocated that the mat-
ter be taken up, not with the Inter-
state Commerce Commission, but with
the individual State commissions,
which, he believed, would insure more
speedy action. These commissions
would be asked to restore the 3-cent
passenger rate and an increase of 10
per cent. in freight rates.

Incidents in a great struggle.

The two drawings are the work of Felix Schormstadt, a German artist at the front with the German troops. The one shows the fighting with the French in the streets of Muelhausen and the other shows the departure of German troops from the city of Leipzig. The troops are about to leave as such phrases as "Down with the Serbs," "Death to Russia," "Destruction to France."

**VIGOROUS COUNTER-ATTACKS
ON ALLIES' EXTENDED FRONT.**

[BY ATLANTIC CABLE AND A. P.]

FROM THE BATTLE FRONT (via
Paris) Oct. 7.—German cavalry
made its reappearance on the
scene of action in great force today,
thus disproving the reports that all
of its horses had been rendered use-
less owing to an epidemic of the
glanders.
The allies' extended front has met
with vigorous counter-attacks by the
Germans, who seemed to have weak-
ened their position on the center of
the battle line in order to throw heavy

**RAIDS OF GERMAN CAVALRY
MAY CUT OFF ALLIES' SUPPLIES.**

BY AN ASSOCIATE EDITOR OF "THE ARMY AND NAVY JOURNAL."

the army of Prince Rupprecht of
Bavaria, which is holding the line
through Lorraine, the French will
have an opportunity to repeat their
maneuver of the first days of the war.
This move was to advance northward
in the rear of Metz in an attempt to
cut off the allies in this portion of
the German front from their connec-
tion with their bases of supplies along
the Rhine. It is not improbable that
the pushing of the allies move against
the German right flank may be part
of a grand strategy to prepare the
way for an advance in force against
the German left flank. The principle
object of the extension to the north is
to maintain the channel ports and to
save Antwerp. If the rumor of the
fall of Antwerp should prove true,
the allies may feel free to attempt an
attack on the opposite flank of the
German position.
The victorious advance of the
Russian army under Gen. Rennen-
kampf against the center of the Ger-
man army in East Prussia has fol-
lowed up its successes and has pushed
the Germans back to the line through
Lok. The retreat of the German
center forces both their left flank and
their right flank to fall back to avoid
the danger of being enveloped by the
Russian advance. This success carries
the fighting back to the district in
which it started in the third week of
August and marks the termination of
the German offensive move against
Grodno and the Niemen River. Still
more important than this, it means
the defeat of the German combined
movement against Warsaw. While
the army of Gen. Von Hindenburg
was marching south to get behind
their southern flank is extended to

**FRENCH GOVERNMENT
TO RETURN TO PARIS.**

**Visit of President Poincare to the Army
Headquarters Good Omen.**

Great Belgian Seaport May be Already in the Hands
of the Germans—Engagement Between the Allies and
the Invaders Becomes More Violent, but no Decisive
Result has been Attained.

Paris correspondent of the Associated Press who makes this an-
nouncement on high authority. The visit of President Poincare to

LONDON, Oct. 7, 1:23 a.m.—
It is announced that the Great
Eastern Railway Company's
steamship service between Til-
bury, England, and Antwerp has
been suspended.

ANTWERP.

LONDON, Oct. 7, 1:45 a.m.—A dis-
patch to the Exchange Telegraph
from Antwerp gives the following of-
ficial communication issued at 10
o'clock last (Tuesday) night:
"The military Governor has in-
formed the burghers that a bom-
bardment of Antwerp is imminent
and that the people who wish to see
from the town are requested to leave.
"The bombardment will have no in-
fluence on the town's resistance,
which will be pushed to the extreme
limit."
The Exchange Telegraph corre-
spondent adds that the foregoing
message has been passed by the British
censor for publication:

PARIS.

PARIS, Oct. 6, 11:50 p.m.—The
French War Office tonight made pub-
lic the following official communica-
tion:
"The characteristics of the situa-
tion continue the same. On our left
wing the action grows more and more violent.
"In the center comparative calm
prevails.
"A little ground has been gained in
the northern part of the heights of
the Meuse."

LONDON, Oct. 6, 10:58 p.m.—The
sixty-third day of the great European
war saw a repetition of what the peo-
ple of all the countries concerned
have forced themselves to expect, per-
haps for months to come—no decisive
conflict on land or sea.

From Berlin to London come noth-
ing in the way of claims to progress
or reverse. From Petrograd come
what has flowed without interruption
for weeks—persistent claims of pro-
gress for Russian armies.

From Paris, at the usual midster-
noon hour was issued the usual com-
munication, so-called, interpreting the
situation along the battle line of the
western theater of the war in the light
of those opposing the German inva-
sion. There were in the closely-
worded statement, cryptic as always,
hints of a greater diversity of opera-
tions than it ordinarily contains.
Above all stood out the presence of
what was described as large masses
of German cavalry near Lille, hardly
ten miles from the Belgian frontier
as the crow flies, and behind them
German armor moving on a line be-
tween Toulon and Armentieres, the
latter point right at the Belgian bor-
der.
At the same time the official com-
munication makes it plain that the
allies have not been idle and have been
winning their own battles. Blow for blow
evidently is being dealt around Arras,
the scene of sanguinary fighting re-
cently. The same may be said of the
region between the Somme and the
Oise, for it is noticeable that the al-
lies have claimed nothing today except a sea-saw advance and retire-
ments. They say they have repulsed
the enemy at Lassigny, upon which
the Germans made a violent attack.
At Soissons, where the allies re-
cently cleared the German trenches,
according to the announcement, they
have pressed their advantage by mak-
ing a slight advance. Noyon forms
the elbow from which the allied line
sweeps eastward. Some advance by
the allies is also reported at Berry-
au-Bac.
From Belgium comes nothing to in-
dicate any change in the situation be-
tween Antwerp and the French line
tucked at the bottom of the Paris of-
ficial statement asserting that the
German attacks along the line of the
River Rupel and the River Nethe have
failed.
The British press takes occasion to
emphasize that while the battle of
the Aisne holds first claim in the
matter of sentimental interest, the
significant operations of the Russian,
German and Austrian armies in the
east may first bring the solution of
the war.

Petrograd official statements con-
tinue to repeat in a general way what
has been accepted as a fact for days
—that the Germans along the Ger-
man frontier have been routed and
cut to pieces, but as this is only a
small portion of the front, it is ex-
ceedingly hard to get anything like a
clear-cut perspective of the conflict.
What purports to be an official dis-
patch from Vienna insists in broad
terms that the condition of the Ger-
man and Austrian armies both in
Poland and Galicia is favorable and
that in attempting to break the Car-
pathians at Usok Pass the Russians
have been beaten.

"Breasting the Carpathians and
pouring on to the plains of Hungary."

AS A COSTLY EXECUTIVE JOHNSON HOLDS RECORD. Spent Thousands More than Predecessor, Most of it Unaccounted For.

Extravagance of Present "Reform" Experiment in Governor's Chair at Sacramento Makes Taxpayers Gasp—California is Only State in Union Which Permits its Head to Use Funds Without Filing Vouchers.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

BY GRACE of an act put through by a Legislature which he dominated, Gov. Johnson does not have to account for a single penny of the thousands of dollars the law allows him to draw from the State treasury for "household expenses," for "secret service," and for "postage and contingent expenses." All he has to do is demand a warrant from the State Controller, who has no choice but to issue one.

In three years and nine months Gov. Johnson has drawn from the State treasury the huge sum of \$109,631.31, of which \$37,500 was salary and \$12,300 was for refurbishing the Governor's house and for buying an electric coupe. All the rest of the sum, or \$59,831.31, is absolutely unaccounted for.

Such has been Johnson's rate of expenditure of the funds set apart for his own uses and the cost of maintaining his office and the Governor's house that it is figured that \$187,642.31 will be the sum Hiram will have cost California by the end of his term. Comparison between the amounts spent by Gillett and those laid out by Johnson, while no doubt odious to some people, are interesting to taxpayers.

SAN FRANCISCO BUREAU OF THE TIMES, Oct. 6.—Gov. Hiram W. Johnson has cost California taxpayers more than any other executive in the State's history, and, aided by two subversive legislatures—those of 1911 and 1913—has made the California Governorship a political "plum," in point of remuneration second only to the office of President of the United States.

From January, 1911, when he took office, to September 30, 1914, Hiram Johnson, through his secretaries, drew from the State treasury the staggering sum of \$109,631.31 for his own personal and family uses. With the exception of \$12,300, Gov. Johnson has never accounted for a single penny of the vast sum thus drawn.

The records show that \$2300 was spent for an automobile—an electric and \$10,000 was used to refurbish the Governor's house in Sacramento. The remainder, \$96,431.31, of which \$37,500 is represented by his salary, the State treasury every cent without a record of claim to show where the money was expended.

During the remainder of this year Johnson will receive \$14,895.00 to spend for which, under laws he had passed by the 1911 Legislature, he can dodge an accounting to the people. He will receive \$109,631.31 spent in three years and nine months and the \$14,895.00 which he will collect before October 1 and December 31, this year, and probably spend, if his past performances in office continue. Gov. Johnson at the expiration of his four-year term will have spent a greater average annual amount than any other public official in the United States, barring the President. The total will be \$124,526.31.

RECORD OF COLLECTIONS. Here is what the records in State Controller John S. Chambers's office show Gov. Johnson has collected from the State since his advent in office: Salary, three years and nine months \$37,500.00 Secret service (unaccounted for) 14,002.89 Household expenses (unaccounted for) 22,831.72 Postage and contingent 12,046.70 Furnishing the Governor's house 10,000.00 Purchase of electric coupe 5,200.00 Total \$109,631.31

During the current three months' period from October 1 to December 31, this year, Gov. Johnson will receive the following for his own use: The Legislature having appropriated the money at the 1913 session: Salary \$3,682.40 Secret service 2,862.40 Household expenses 6,681.70 Postage and contingent 1,564.35 Total \$14,895.00

Probably the most astounding feature of this enormous draft on the State treasury lies in the method by which Gov. Johnson is enabled to draw on the taxpayers' money. By virtue of laws enacted at the 1911 legislative session, and approved by Johnson, power is given the Governor to draw money from any of these various funds and spend it without presenting a voucher or accounting for it in any way beyond a demand on the State Controller to issue a warrant.

California is the only State in the Union that permits such procedure. In every other State the law prohibits the withdrawal of money from the State treasury without voucher or specific claim. The bills to exempt the Governor from the law are introduced by the Legislature and passed by the Legislature overwhelmingly dominated by Johnson.

With the exception of the \$10,000 used by Johnson in refurbishing the Governor's house and the \$3200 for an automobile, he has drawn from the State treasury every cent without a record of claim to show where the money was expended.

In no other State in the country, regardless of its population, has a Governor been paid so much for his job. Illinois pays its Governor \$12,000 a year as salary and appropriate expenses. The population of Illinois is approximately 4,000,000, more than twice that of California.

Ohio, New York and Pennsylvania pay their Governors each \$10,000 a year and allow them additional sums ranging from \$4000 to \$12,000 annually for executive office expenses. These States have from one and one-half to three times as great a population as California.

Indiana and Massachusetts pay their Governors each \$8000 a year and appropriate small sums to transact executive business, although each has a population greater than California. The average yearly salary of a Governor in the United States is

"Brownatone" Tints Your Hair in a Minute

All So-Called "Restorers" That Claim to "Gradually Restore" Color to Your Hair Are Simply Slow Acting Dyes.

The straightest road and the shortest cut to the certainty of an attractive and beautiful appearance is the use of "Brownatone" Hair Stain.

This preparation will instantly change gray, streaked or faded hair to the softest and richest golden brown or dark brown or black—just as you wish. Just comb or brush it into your hair.

"Brownatone" will always give you the most pleasing results and you need have no red hair or no previous experience.

Impossible of detection, will not rub or wash off, and needs retouching only as the hair grows out. "Brownatone" hair stain is far superior to "dyes," and is absolutely harmless in every way.

Sold by all up-to-date druggists, in two sizes, 25c and \$1.00. If you are offered a substitute, save annoyance by refusing it and ordering "Brownatone" direct from the makers.

Insist upon "Brownatone" at your hairdresser's.

A trial bottle and interesting booklet will be mailed for 10 cents.

Prepared by the Kanton Pharmacy Co., 552 E. Pike St., Covington, Ky.

VACUATION IS DELAYED. Refuses to Comply with Our Conditions. Cruz will be Occupied for Another Week. Vacation Faces Acapulco on the West Coast.

(BY A. P. MONT WIRE.)

WASHINGTON, Oct. 6.—It is understood that negotiations for the vacation of authority at Vera Cruz are being held down by the United States. The question of safe conduct of the country for Mexican refugees is one of the many problems which the officials here are dealing with.

The next passenger steamer to Vera Cruz next Saturday, and the American forces will be given that vacation place before any announcement has been made.

Most important economic under discussion between the American and the Mexican is the transfer of customs duties. The American forces are collecting during the American occupation of Vera Cruz. Word is that the American forces are collecting during the American occupation of Vera Cruz.

The maintenance of the office for the last three months of this year will cost \$100,000. Private secretary, \$1000; stenographer, \$1000; messenger, \$1000; and \$1000 for the maintenance of the office.

With Gov. Johnson having to spend \$14,895.00 for the year, the use and \$1000 for the maintenance of the office, the total anticipated cost for the year is \$20,895.00.

The anticipated expense of \$20,895.00, combined with the already spent \$10,000 for the year, makes a total of \$30,895.00 for the year.

Johnson is expected to receive \$14,895.00 for the year, making a total of \$45,790.00 for the year.

Johnson is expected to receive \$14,895.00 for the year, making a total of \$45,790.00 for the year.

MAY NEVER BE ANY MORE "JET."

ONLY MAN THAT MAKES IT HAS GONE TO WAIR.

If He Is Killed the Secret of Producing the Imitation Stone of Which Jewelry is Made Dies Too, American and California Gem Industries are Stimulated.

An unthought-of misfortune resulting from the war developed yesterday. From now on you can't buy any more jet earrings, jet necklaces or any kind of jewelry made of jet. This is because a certain German manufacturer who owns and has been operating the only factory in the world that produces the so-called Italian imitation jet, from which practically all the popular vanity ornaments are fashioned, has closed his establishment and gone to the front. Not only that, but there is a strong possibility of his being killed in battle, and with him will die his valuable secret of making imitation jet.

This jet, which has everywhere been advertised as the product of nothing more precious than common evaporated milk, hardened and colored black by a mysterious process unknown to all except this single manufacturer, according to Gertrude S. Reynolds McMullen, a Los Angeles gem expert. Mrs. McMullen says that, despite the impression that jet is generally worn, the world's supply of the real thing, mined in England, France and Bavaria, is too small in amount to permit of its common use.

The lack of imitation jet, in her estimation, will not at all affect popularity of earrings, but turn the demand to other beautiful stones, most of which will be obtained in this country. Mrs. McMullen, who received her technical instruction in mineralogy and geology in the University of Heidelberg, Germany, visited the gem centers in Europe not long before the war, and declares that the struggle abroad is certain to give a great impetus to gem cutting in America. While in Amsterdam, Antwerp, and in German gem-cutting cities, Mrs. McMullen observed that many of the shops, famous for their output of gems, still cling to the old primitive methods of cutting stones upon immense, slowly-revolving wheels. Compared with the modern shops in American cities using electrical apparatus, these are both inefficient and inaccurate. For this reason American-cut diamonds and other stones command higher prices in New York than do the foreign-cut product. The demoralization of the cut gem business in Europe will, to a great extent, swing the world's gem cutting to America, where it can be executed with greater precision and more value to the stone.

Mrs. McMullen believes that California will profit largely by the disturbed conditions to more generally advertise the beauty of her particular stones, such as the tourmaline and chrysoberyl, which can be executed with accuracy by the American manufacturing jewelers in their effort to replace foreign stones no longer obtainable and the vast amount of cheap imitations previously shipped here from France and Germany. Prices are expected to advance somewhat on all gems, but the tendency will be toward the wearing of genuine stones instead of the old imitations. It is possible that the California black tourmaline, an exquisite stone, will be substituted in many cases for imitation jet in earrings.

GOVERNMENT TAKES CARE.

Oil Case Land Office Officials Here Differed on Settled at Washington for Uncle Sam.

The government has won its contention that a quarter-section of land, adjoining the famous Lakewood No. 2 gusher in the Maricopa field, Kern county, is mineral in character, against the divided opinion of the former Register Bureau of the local land office and former Receiver Robinson, the latter holding that the land is oil land, while his associate disagreed with that proposition.

The contest of the government was against Daniel Harris, who had entered the land for agricultural purposes and under the homestead law. Neither side was satisfied with the decision of the local officers, and an appeal was taken. Under the decision Mr. Harris can have the surface rights to the land, but the mineral is reserved by the government, and to that extent the land will be withdrawn from all forms of entry as provided by law.

The testimony in the case did not show that there had been any absolute proof of oil in the land by discovery. There was only the expert view of geologists, who, laying aside the doctrine that there was no absolute proof of the presence of oil except the drill, testified that it was oil-bearing in character.

GOATS AND MEXICANS.

Man Accused of Not Taking Enough Care of His Homestead Says He Couldn't.

A land contest casting interesting sidelights on the troubles in Mexico was heard in the local land office yesterday, and decision was reserved by Register Roche and Receiver Mitchell. The parties to the contest were John W. Witt, who assailed the right of Charles T. Taylor to eighty acres lying in San Diego county, right along the boundary line. Both Witt and Taylor are hard-working men, and neither had money sufficient to hire attorneys, so they conducted their own case.

Witt claimed that Taylor did not do the required amount of work on the land, and this Taylor partially admitted, but claimed and proved by witnesses that he was unable to go on the land during the legal period on account of the excursions of the insurgents from Mexico about a year ago, who appropriated what he had planted for his family. He was afraid for his life, and could not perfect his proof by reason of the almost daily forays of the Mexican rebels in that part of the country. Taylor said he had planted a number of olive cuttings, but that during his absence they had all been eaten off close to the ground by the goats.

VETERAN IS VINDICATED.
The federal grand jury reported yesterday that no bill was found against Ransom R. Staples, a veteran of the Sante Fe Home, who sent an obscene letter through the mails to Mrs. T. J. Hatfield, and was being prosecuted by the postoffice inspectors.

IN BAD TWO WAYS.

Man Who Says He Is Movie Actor Found with Contraband and Charged with Stealing Lights.

Charles W. Pace, who claims to hail from Texas, and says he is a member of the Hobart Bosworth Moving Picture Company, was arrested yesterday, on the charge of stealing government property, and, after arraignment before United States Commissioner Williams, was committed to the County Jail. When arrested, in his belongings were found a quantity of morphine, cocaine and bromide. He confessed to being a "fend," but said he was taking treatment for the cure.

The specific allegation against Pace is that he stole five tungsten light globes from various parts of the Federal building, but it is believed he is the man who has been making away with the electric globes and other portable property of the government. It is claimed that hundreds of the globes have been stolen within the past few months, and that whoever the thief is realized 10 or 15 cents apiece from second-hand dealers.

THE MAP IS HERE.

Woman Secures Enjoining Order Against Publishing Company on Document She Had Copyrighted.

In the United States District Court yesterday, in the case of Laura L. Whitlock against the Los Angeles Map and Addressing Company, and Henry Wilkins, C. J. Daniels and Robert Ashdon, the defendants allowed the issues to go by default, and Judge Wellborn issued an order enjoining them from making, publishing, selling or giving away a map that is alleged to be an infringement of a map owned and copyrighted by Miss Whitlock. An accounting is also provided for.

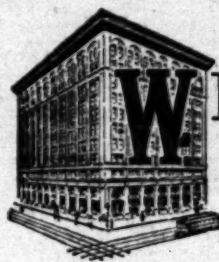

The right of Miss Whitlock to the map was established in the hearing of the case against N. Bowditch Blunt, found guilty by a jury in the Federal Court of infringement and sentenced to pay a fine of \$300. It is alleged that the map involved in the latest case was the Blunt map, or a copy of that instrument.

"JUMPS" HIS GAS METER.

Man Convicted of Beating Company more on Fear of Explosion than Loss Occasioned.

Because M. J. Cunningham, a grocer of No. 1832 West Washington street, "jumped" his gas meter by making connection with soap and rags where plumbers use steel iron pipe, he was haled before Police Judge Chesebro yesterday on a misdemeanor charge. He was convicted and sentenced to serve thirty days in jail. The sentence was suspended, however, and F. Weiss, superintendent of the Los Angeles Gas and Electric Corporation, who had him arrested, named as his probation officer.

Over Cunningham's store is a rooming-house. One of the lodgers smelled escaping gas and informed the gas company. An emergency wagon was dispatched and found the "jumper," a house contrivance to which joints were sealed by candle grease. It was removed and Cunningham warned. That was on Friday. On Monday the company's inspector found another jumper. This time the screw joints were missing and rags were wrapped about the gas pipe and the hose. The gas company prosecuted the grocer not so much on account of the theft of gas, Mr. Weiss explained, as the danger of the leaking gas to the roomers above in case of an explosion.

WHEN to Make Your Will

Men die or lose their faculties every day without warning.

Many die intestate—that is, without having made a Will—and have no voice in the disposal of their property.

If your Will is to be made at all, it should be made today—tomorrow may never come.

The size of your estate does not affect your Will's importance.

Our Trust Department acts in all trust capacities, such as Executor, Trustee, Guardian or Administrator.

BIG GRAFTERS?
Court Hangers-on
Alleged to Be.
of Police Requests
Three Officials.
Commission Goes to the
Commission Today.
Chief Sebastian will recommend to the Police Commission today the appointment of at least three official Court interpreters. He will report the matter before the Finance Committee of the City Council with a request that an appropriation be made to cover the additional expense of volunteer interpreters who are paid very little, if anything, for their services. As much as they are paid as to their reason for making a great many stories of crookedness on the part of the interpreters, said the chief, I am convinced that if the same recommended by me are made a little graft will be done.
will recommend the appointment of Spanish, German and Chinese interpreters. Later on he may recommend the Chief is said to have been hurried by an alleged graft which occurred during the recent work when a lawyer in the court secured a pass to the jail and got him to sign a check for some money. He is said to have defended him and in that way got his confidence and the money.

to be placed at the fortification site. The road work will also cost a tidy sum.
In this connection, Maj. Raymond points out that the trucking road is merely a makeshift. As soon as some of the large appropriations for Fort MacArthur become available, a military railroad will be built from a connection with the Pacific Electric on Pacific avenue along the shore line to Point Firmin light, then upward to the fortification site by a series of switchbacks. These will be necessary, as the site chosen for the batteries is 220 feet above sea level and the approaches are precipitous.
FORT AT LONG BEACH
Though Maj. Raymond is forbidden by army regulations to divulge precise information about the proposed work, there is reason to believe that the War Department has given serious consideration to the locating of another fort in the vicinity of Long Beach. This would give protection to the harbor of that city and assure an effective crossfire on any enemy who might attempt to force his way into San Pedro Bay. Later, there will probably be a mine field, ranging from stations, searchlights and other accessories of a modern harbor defense.
That there will be no cessation of the peaceful side of the harbor work was the statement of Maj. Raymond in speaking of the abbreviated Rivers and Harbors Bill.
Though I have received no official notification," he said, "I understand on good authority that money has been provided to keep our inner harbor dredge in operation. This is most important. As for the outer harbor work, that is being done by contract, and as there still remains much of the 200,000 yards of dirt that was carried down by the winter floods, that work must go on."
Maj. Raymond stated that there is enough work ahead in the inner harbor to keep a dredge going for six months, but that he hoped that it would be possible to keep it in operation continuously even after that time.
WANT DAND ANYWAY.
Many Persons Inquire for Homes in Imperial Valley in Spite of Adverse Reports.
In spite of the fact that the statement has been officially made that the land in the Imperial Valley some miles west of Brawley, made the subject of an order of the Land Office, opening for settlement and entry the portions left after the surveys have been adjusted, is of no value, applicants are filing their entries in the local Land Office. Yesterday Register Roche and Receiver Mitchell telegraphed to Washington for an additional clerk to assist the regular force during the next ninety days.
The entire area consists of 102,552 acres, but thousands of acres have already been patented to the Southern Pacific Railroad Company, other thousands are involved in entries made before the changing of the surveys. In scores of contests the successful parties have the preference right, while unnumbered acres are fit for nothing, the utter inability to get water militating against their use for any purpose.
The acreage in 14 south, 12 east, is 22,071; 13 south, 12 east, 33,163; 13 south, 11 east, 23,240; and 14 south, 11 east, 22,053. The west end of the area lying close to and in the vicinity of Superstition Mountain is useless, while all the best in the other sections has been taken, while a lot has been entered under the first reclamation system.
Hundreds of applications were made for the land subsequent to 1909, when it was withdrawn for the reserve, and they have all been rejected.
In the opinion of the local Land Office, after the lines have been readjusted there may be a small bit of land here and there scattered over the area that is good for agricultural purposes and may be had by complying with the public land laws, but there is nothing in the situation now that would warrant the rush that is in evidence here. The situation seems to be that all of the land worth having has been taken in one way and another, and that but few entrymen can be accommodated later on, perhaps months ahead, with what is left.
The scramble in this case, as in others involving opportunities to get land, seems to appeal to everybody, whether the land is worth having or whether it can be had at all.
SEEMS TO BE HABIT.
After pitching his wife through a window of their home at Second and Hewitt streets, early last night, Morris Pagowitz was arrested and lodged in the City Jail. The patrolman on the beat said it has been almost an everyday occurrence for Pagowitz to throw his wife through a window or door.

VILLE DE PARIS
317-325 312-322
50 BROADWAY 50 HILL STREET
A. FUSENOT CO.
Special Display of
Favored Fall Fashions
SEE BROADWAY WINDOWS
The Function of the Fall Fashion Show was to especially exhibit the ultra-fashionable and novel creations in women's apparel—to the exclusion, somewhat, of the more practical modes demanded by the majority of women. The "Ville" is just as thoroughly prepared to fill your requirements in garments that pleasingly combine serviceability, with the height of fashion—and to emphasize this fact, and give an ocular demonstration of the excellence and extensiveness of our stock—we are devoting half of our Broadway frontage to a special display of the
Favored Fashions for Fall in Suits, Coats and Dresses.
The window display is but an index of the more extensive showing in the department.
Smart Street Dresses
At \$15.00, \$16.50, \$17.50, \$18.50
A very attractive assortment of fashionable dresses, featuring the popular combination effect, in navy, brown or black serge with black satin, also black and white shepherd checks.
Fashionable Basque Dresses
In Satin or Silk Poplin, \$15.00 and \$20.00
Basque dresses are very modish this fall for street wear. Navy blue and black are most fashionable. Trimmings of self-covered buttons, fancy collars of white silk rep or figured net, girdle and sash of black satin add a pleasing finishing touch.
Charming Fall Dresses
In Crepe de Chine, Satin, Velvet and Satin or Silk Poplin. A Very Notable Showing
From \$22.50 to \$35.00
Our beautiful collection of dresses embodies the newest style features, including the fashionable basque model, new long waisted effects and others with deep tunics box plaited. The most fashionable fabrics are crepe de chine, satin, silk poplin, also combination effects in velvet and satin.

Big Pepper Crop.
(Continued from First Page.)
On Spanish pimientos has seriously injured the industry in this State and will ultimately destroy it because the California article, being a luxury, will not survive such a heavy tariff reduction and is absolutely unable to compete with the Spanish output harvested and canned at a ridiculously low wage scale as compared to that prevailing here.
Another adverse condition which has developed of late to hinder the growth of this promising industry is the unexpected cross pollination which has taken place between the chili and the pimiento. The winds blowing across the Garden Grove Valley have scattered the pollen of the chili and the pimiento indiscriminately, resulting in the growth of a hybrid which is unpalatable and cannot be canned. It has been suggested that segregation of the chili and pimiento acreage will have to be resorted to to overcome this conflicting cross pollination.
WORK FOR HOBOS.
(LOCAL CORRESPONDENCE.)
VENICE, Oct. 6.—Plans have been adopted, and work will now commence on the city's new chain gang home at the city yards east of Venice. The labor on the building will all be done by members of the chain gang, and the City Engineer and Building Committee will have charge of the work. The new addition to the police department will be erected at a cost of \$1500, will be one story tall, and cover a space of 25x50 feet. All men who are unable to pay their fines, vagrants and drunks, will have a chance to help the city instead of being set free.

The New Baby
is World's Wonder
Every tiny infant makes life's perspective wider and brighter. And what- ever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the most helpful things is an external application known as "Mother's Friend." It is so well thought of by women that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.
In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. Suggestions and helps in concise and neatly printed form for ready reference. It should be in all homes. "Mother's Friend" may be had of almost any drug store but if you fail to find it write us direct and also write for book to Bradfield Regulator Co., 303 Lamar Bldg., Atlanta, Georgia.

PATHOS MARKS
SIMPLE RITES.
GIRLS' PARENTS WHO COME HERE TO VISIT HER FIND HER DEAD.
Simple rites were conducted at the Pierce chapel yesterday morning over the body of Fanny Curland, the young woman who died in a farm cottage near Riverside from a bullet wound. Seated in a secluded alcove of the darkened chapel were the dead girl's father and mother, a tailor and his wife. During the short service walls prompted by religious custom came from several of the older people among the mourners, but the old parents only sobbed and quietly. The last few days had been the most tragic of their years of tragedy.
It was the girl in the coffin who brought the first great tragedy although that, while never forgotten, had not lately brought the poignant grief that it did seven years ago. At that time Fannie Curland was only 17 years old and was susceptible like other high-strung girls. The family then lived at No. 563 West Forty-third place and from the home there the young daughter eloped with George Garfield, the man who was with her when she died. The blow was great to the parents.
When months later they finally learned where the daughter had been the blow was made heavier. It was later eased when they were told that Garfield was their daughter's husband. But after a time that was forgotten. Then in late years, they heard from their daughter in various cities. The address many times was simply general delivery. Some months ago she wrote them that she was a vaudeville actress. She was on "small time," her brother Henry Curland, a cigar dealer, lived at No. 563 South Main street, transacted for the old folks, but a start to a better position. A little less than two weeks ago she came to Los Angeles from Montana and visited her sister at No. 1522 West Seventeenth street.
The first letter she wrote was to her father, Kenneth Curland, at San Diego. She hoped he would visit her and bring mamma along. It was a plain letter that she received in answer. The parents would close up their little shop and take a vacation and see the daughter that they had not seen for so long.
On Thursday the elder Curlands arrived and were told by their daughter that Fanny had left with George Garfield for a visit some place. The parents said nothing. It was the same night that Henry Curland arrived home much excited and broke the news that Fannie had been killed—murdered he said.
Not seeing her in the life, they remained for the funeral and both lingered at the casket until friends took them gently away.
Rabbi Meyer read the service, reciting the ninety-first Psalm in Hebrew and the ninetieth in English, followed by a short prayer. The body was cremated.
STRUCK DOWN IN HOME.
Man Representing Himself as Messenger Attacks Woman as She Telephones Her Husband.
Felled as she was telephoning her husband, Mrs. Beulah Hennessy of No. 551 West Forty-fifth street, was left unconscious and not discovered until half an hour had passed. Her assailant was not captured.
The stranger's identity and the reason for his visit are a mystery. Mrs. Hennessy left her home to answer the front door bell. A young man presented himself and was shown into the house. When he requested some papers from Mr. Hennessy's desk, saying he was a messenger from the husband, Mrs. Hennessy excused herself on a pretext and went to the telephone.
The stranger evidently guessed her intention. As she called the number he struck her on the head with a blunt instrument and fled. An hour later she was found still unconscious by Charles Sanderson, who lives in the house.
PLEAD NOT GUILTY.
Cases of Former Los Angeles Investment Company Men May Mend Until Next Spring.
In the United States District Court Monday the former officers and employees of the Los Angeles Investment Company, who are under indictment on a charge of using the mails to defraud, pleaded not guilty. They are C. A. Elder, W. D. Deebie, G. M. Derby, C. L. Bagley, W. F. Gates, A. P. Thompson, F. L. Mowder, Ernest Ingold, Charles Cassatt Davis and Earl B. Elder.
It was announced by Oscar Lawler, attorney for some of the defendants, that H. D. Rodgers, also a defendant, was in Chicago trying to get employment, and that as soon as he could conveniently return he would also be in court to plead. No data was set for the hearing, but it is not believed that it can be reached before next spring in the ordinary course of the business before the Federal court.
WOMAN'S DEATH GRIEWSOME.
Head Buried in Ooze at Bottom of Dumb-Waiter Shaft Down Which She Falls.
Dropping head foremost twenty-five feet through the shaft of a dumb waiter, Mrs. Mary Byrne, 50 years old, was killed in the cafeteria where she was employed at No. 411 South Hill street, yesterday afternoon.
Not missed from her work, Mrs. Byrne's body was found at the bottom of the pit some time after by another employee. The head was buried in the water and ooze. She had been dead at least an hour.
Mrs. Byrne's task was to clean silverware, which was delivered to her station on the mezzanine floor by a dumb waiter. The shaft is about four feet square. It is presumed that she lost her balance.
Mrs. Byrne lived at No. 335 South Bunker Hill. The body is at the Butten parlors.
POSSIBLE L.A. TEST CASE.
Company Trying to Collect from Estate Full Price of Stock Ordered but Not Delivered.
Whether the Los Angeles Investment Company can collect the full price for stock sold on subscription but never delivered will be determined by a suit started in Justice Beever's court yesterday, according to Deputy County Counsel Nourse.
The company seeks to collect a sum of money from the estate of a trustee Bryson as administrator of the estate of Charles Bowman, for stock sold on subscription at \$4.35 a share and now worth 50 cents a share. A demurrer has been filed to the complaint and this will be argued Friday. The case will probably reach the higher courts and will act as a test case for a large number of other cases pending on the decision of this suit.

MUNSING WEAR Our Endorsement

Munsing Union Suits because of the satisfactory way in which they fit and cover the form, without gaping or binding, have become the most popular union suits in the United States. They please practically all our customers who give them a trial. We recommend them because of their fine quality and workmanship. They come in every required style and size. Take our word for it: they are, without doubt, the most economical as well as the most comfortable and satisfactory union suits you can buy. Prices reasonable: \$1.50, \$2.00, \$2.50, \$3.00 and up. We have them with long or short sleeves and knee and ankle length.

We carry "Munsingwear" for Boys 50c and Up.

(Continued from First Page.)

geles has been growing so fast that even the figures of the Federal census of 1910 are so out of date that they won't even run in a starting place. In other words, if this bureau ever attempts an estimate it will have to forget that there ever was a Federal census and make one of its own.

PRINTERS FIRST.
Printers and book-binders lead all manufacturers in number. Then comes the motion-picture business, with fifty per centum represented, followed by the manufacturers of automobile accessories and cigars.
Artificial limbs, ant exterminators, band instruments, bluish corsets, glue, shoddy and liquid air are some of the unusual things manufactured. It is a list that starts with acetylene apparatus and runs to the makers of the fruit basket of the world, Los Angeles is unusually well supplied with fruit-canning concerns, thirty-six in all.
Outside of Los Angeles, Long Beach, with fifty-five manufacturing concerns, and Pasadena, with fifty-three, are nearly neck and neck for suburban honors. San Pedro, with twenty-eight concerns, takes third place.
The directory is one in fact, as the address of each concern listed is given, together with what they manufacture.
The entire work on the directory was done by the Industrial Bureau at its own expense and is a contribution to the work of widening the market of the city, also of acquainting consumers here with what our industries have to offer.
AUTO DRIVER DRUNK.
Convicted of driving an automobile while intoxicated, John A. Schureman, Her boy left her home yesterday at 5:50 yesterday. He was arrested by Motorcycle Officer Robinson in Pasadena avenue.

FURS

This house already has announced that it would not increase prices on furs, this season. We back this announcement further, by stating that the quality and style shown here in the new 1914-1915 garments was never better.

The F. Obrikat Fur Company never before has been in a position to give such values as it does this year. Its stock is large enough to fill all needs whether imports are resumed or not. These furs carried here in the largest stock on the Coast, made here under critical eyes into the finest garments, cannot fail to delight every woman who sees them. When you consider that the quality never was better and that the prices were lower, you will come to the decision that this is the time to buy furs and that here is the place.

Two Triples and Eleven Doubles Feature Oakland Game.

ANGELS WIN BY WILD SLUGGING.

Jack Ryan Adds Another Win to His List.

Rolled Up Three Runs in the Second.

Prough is Victimized by the Scraps.

(BY DESK WIRE—EXCLUSIVE DISPATCH.)
SAN FRANCISCO, Oct. 6.—The Angels had the better of a slugfest in Oakland today and the only test by a score of 5 to 1. The visitors started in an inning in the second, lambasting him for three hits, netting the same number of runs. Ellis and Moore singled, Johnson getting to first on an error and Meek slugging out a double which was returned to him by Dan- iels, but the ball went through the Oakland backstop and the first three scored.

MORE TROUBLE.
In the fourth Prough started off in deep water again. Moore singled, taking second on the out of Johnson. Meek singled, scoring Moore and Ryan drove in his catcher with a double. Geyer was sent in to pitch at this time. Wolter took first on an error and tallied on Metzger's single to deep center.

The Oaks got busy with the willow in the fourth. Guest walked, Middleton drove one to right, Noss got a luck bank which jumped over Johnson's head and Guest and Middleton scored. Elmer Zacher hosted one to right and Noss scored. Three runs and three hits.

OAKS RALLY.
Again in the ninth the Oaks started another batting rally which netted four hits and three runs. Ryan scored up a bit at that. He didn't seem to be trying hard for the first four men to face him in this inning were served with "batters delight" balls and they ironed them out. Noss, Menzies and Gardner doubled and Zacher singled. The score:

	A.	B.	R.	E.	P.	O.
Angels	5	1	0	0	0	0
Oaks	1	0	0	0	0	0

	A.	B.	R.	E.	P.	O.
Angels	5	1	0	0	0	0
Oaks	1	0	0	0	0	0

SKEETER FANNING TAKES ONE MORE.

SEAL HEAVY, THOUGH HIT HARD, BEATS THE MISSIONS.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Oct. 6.—San Francisco drew a half game nearer the lead in the pennant race today by defeating the Mission, 13 to 6, while Portland remained idle in the south. Today's game was "Skeeter" Fanning's eleventh consecutive victory. He was touched safely twelve times, but the perfect fielding of his teammates and their ability with the willow made the game a walkover. The score:

	A.	B.	R.	E.	P.	O.
Mission	6	0	0	0	0	0
San Francisco	13	0	0	0	0	0

	A.	B.	R.	E.	P.	O.
Mission	6	0	0	0	0	0
San Francisco	13	0	0	0	0	0

COHN FALLS IN BILLIARD MATCH.

Cohn, playing at forty-five, was decisively defeated by Rose, playing at forty-three, in the three-cushion billiard match at the Brunswick parlors last night. Rose made forty-three while Cohn was making nineteen in eighty-two innings. Rose's high run was four and Cohn's three.

Pearson, playing at forty-five, and Holiday, playing at thirty-seven, will have tonight's one duel.

BERT WHALING, CATCHER OF BRAVES, LIVES HERE.

LOS ANGELES, as usual, will be represented in the forthcoming world's series.

Bert Whaling of the Boston catching staff is a native of this city. He learned the game on the sandlots here, later securing an engagement with the Portland club. McCredie sent him to the Northwestern League to gain additional experience, and he subsequently graduated into the majors.

Whaling is a high-class backstop, and those familiar with his work declare that the Boston club would not be seriously weakened should Gowdy be shelved by sickness or injury.

Whaling comes by his ability honestly. He is one of several brothers who have played professional baseball.

Last winter Whaling received an attractive offer from George Stovall to play with the Federals, but decided to stick with Boston. He is now glad that he stuck.

With the Big League Sluggers.

ORGANIZED BALL HAS NO THOUGHTS OF PEACE—BAN.

(BY A. P. NIGHT WIRE.)

CHICAGO, Oct. 6.—Organized baseball has made no overtures to the Federal League for the establishment of peaceful relations, nor will it make any, President B. B. Johnson of the American League said in a statement here last night.

Reports that certain club owners of the American League had held a conference with President James A. Gilmore of the Federal organization recently to bring about a settlement of the "baseball war" were characterized by Johnson as "pure tommyrot."

"There is not a word of truth in the story," President Johnson said. "There can be no peaceful adjustment of this problem. When the American League invaded the game, the club owners of our organization went in for a fight to a finish and never asked for quarter. Organized ball was glad to welcome us. The mere suggestion of a compromise in this case never has been considered by our club owners."

Big League Games.

SENATORS AND TIGERS TIED.

(BY A. P. NIGHT WIRE.)
BOSTON, Oct. 6.—By losing today's game to Boston, 4 to 3, Washington went back into a tie for third place with Detroit. Foster held the visitors to two hits, while St. Louis was given a ragged outing. Harper, who pitched the final three innings for Washington, was hit freely. The score:

	A.	B.	R.	E.	P.	O.
Washington	3	0	0	0	0	0
Boston	4	0	0	0	0	0

ONE GAME EACH FOR THESE TWO.

(BY A. P. NIGHT WIRE.)
NEW YORK, Oct. 6.—New York and Philadelphia wound up the National League season today by dividing a double-header. The ex-champions easily won the first game, 5 to 1, while the visitors took the second, 2 to 1. McGraw used all his youngsters in the two games. They held up well behind Ritter's splendid pitching in the first game, but fell to pieces in the second game, when Philadelphia had no trouble piling up runs. Score:

	A.	B.	R.	E.	P.	O.
Philadelphia	2	0	0	0	0	0
New York	5	0	0	0	0	0

FEDERAL LEAGUE.

CHIFEDS NEARLY OUT OF RACE.

(BY A. P. NIGHT WIRE.)
CHICAGO, Oct. 6.—Chicago's chances for winning the Federal League pennant grew dubious today when the locals dropped both games of a double-header to Kansas City, 1 to 0, and 5 to 2, while Indianapolis was beating St. Louis. Indianapolis now is a full game ahead of Chicago, and if it wins one of its two remaining games, it will retain the championship. For Chicago to win the pennant, Indianapolis must lose both remaining games and Chicago must win its single game. One of the games played today was scheduled for tomorrow and set apart to avoid a conflict with the opening of the Cubs-Box series. The final game will be played here Thursday. The score:

	A.	B.	R.	E.	P.	O.
Chicago	1	0	0	0	0	0
Kansas City	5	0	0	0	0	0

INDIANS CLIMB TO FIRST PLACE.

(BY A. P. NIGHT WIRE.)
INDIANAPOLIS, Oct. 6.—Indianapolis took the lead in the Federal League race today by defeating St. Louis, 7 to 4, while Chicago was losing a double-header to Kansas City. The score:

	A.	B.	R.	E.	P.	O.
Indianapolis	7	0	0	0	0	0
St. Louis	4	0	0	0	0	0

MCCREDIE WILL CUT PAYROLL.

(BY DESK WIRE—EXCLUSIVE DISPATCH.)
PORTLAND, Oct. 6.—Portland may see a new baseball club in the Coast League in 1915. That is there will be many new faces on the Beaver club some of the higher-priced players are conceding a cut in salary.

Judge McCredie stated today that this has been the worst year in the history of the Coast League baseball, and some balance must be struck. His payroll was hunched up some \$300 a month by Beavers, who demanded more money on pain of jumping to the Federals. That means about \$4500 more a year in salaries than was paid last year.

Several high-priced men who did not deliver as expected this year will see their salaries shaved when the contracts are sent out in January.

BROWNS LICK THE CARDINALS.

FRATT'S SINGLE SCORES TWO MEN IN THE THIRD INNING.

(BY A. P. NIGHT WIRE.)
ST. LOUIS, Oct. 6.—Runs by Wellman and Shotton on Fratt's single to right won the opening game of the fall series for the St. Louis Americans today, the team defeating the local Nationals, 2 to 1.

St. Louis Americans, 2; hits, 8; errors, 1.
St. Louis Nationals, 1; hits, 8; errors, 1.
Batteries: Wellman and Arnew; Dook, Griner and Wingo.

Eastern college carmen are having fall workouts.

WORLD-SERIES RUMBLINGS

mantle of Mr. Smith. Deal played
third for the Braves for some time,
but developed a charley horse which
shelved him, and he has been there
most of the time since. He is a more
finished fielder than Smith, but hasn't
the batting eye. However, players who
never batted over 300 have been the
sensation of world's series before this.

Manager Stallings and Capt. John-
ny Evers expressed their confidence in
the ability of Deal to fill in acceptably,
and all the other players announced
their intention of licking the Ath-
letics, Smith or no Smith. Manager
Stallings said: "We were well pre-
pared for just such a contingency, and
I am glad to say that there is not a
position on the team into which we
could not put a first-class substitute
at a moment's notice. We are going
to give the Athletics the hardest run
they ever had."

That Stallings is leaving no stone
turned to put his men in shape for
this series is shown by his sending
Coach Mitchell and his star battering
Pitcher Rudolph and Catcher Whal-
ing over to Philadelphia to see the
Athletics in their game against the
Yanks yesterday. This will probably
mean that the little German heaver
and the Los Angeles catcher will oc-
casionally get a look at the Athletics
in the opening game Friday.

The Mackmen have been noticeably
light in their hitting since their two-
or three-day lay-off, while the young-
sters were playing the Senators. Mon-
day and Tuesday the mighty batters,
with the exception of the irrepressible
Home-Run Baker, were easy for the
Yankee pitchers. However, that doesn't
necessarily mean that they will be
helpless before Stallings's gang.

This much can be said for the
Braves. They are entering the world's
series with a running start, so to
speak. They have not lost their win-
ning stride. For the last month they
have been gaining impetus and will
jump into the big series with full

Trojan Varsity Wins.

(Continued from First Page.)

ing men everywhere. Whenever the
varsity backs started slow he came
sweeping round from behind and got
them before they were started. He
is a long, lanky negro boy, who played
on the Springfield High School team
with Drew.

During the second half the varsity
put over two more touchdowns. Liv-
ernash speared a forward pass back
of the freshmen's goal line and placed
the ball down for six more points.
The last touchdown was made just
before the game ended, by Lund, who
bucked the ball over from the 5-yard
line.

Coach Glase must have had an idea
that all in the bleachers were not
friends. He had his Trojans plus
away at straight football, with two or
three shifts thrown in to give the
crowd a taste of the open game.
The Trojan defense was too strong
for the freshmen, in spite of the fact
that the Trojans still cut up some
wild antics in tackling a man. The
line itself held. The ends dumped
the freshmen interference in a cold-
hearted way. James made it a point
to take at least two men down with
him.

Most of the freshmen runs were
from sideline to sideline, with little
perceptible forward gain. They did
not get away with any grand marches
down the field.

Between halves Drew ran an ex-
hibition seventy-yard dash with Brad-
ley. He gave his team mate a five-
yard start, caught him before he got
started and trotted into the tape
abreast of him. All of which pleased
the celebrating Trojans.

ARMY-NAVY SQUABBLE IS
STILL QUITE UNSETTLED.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 6.—The
athletic associations at Annapo-
lis and West Point must reach
a prompt agreement if there is to be
an Army-Navy football game this
year.

A conference today between Sec-
retary Daniels and Lieutenant-Com-
mander Fairfield of the naval acad-
emy failed to bring about an under-
standing, and both the navy and
Col. Wilcox, representing West Point,

SCHAEFFER GIVES VARSITY
MEN MENTAL SPANKING.

[SPECIAL CORRESPONDENCE.]

UNIVERSITY OF CALIFORNIA.
Oct. 6.—The varsity squad was
given a jolt Saturday. Five fresh-
men played on the team against the
Alumni Club. Each "fresh" held down
a position which has heretofore been
sacred varsity property. Five varsity
men sat on the bench and blankly
watched. Each counted over his
practice sins and silently prayed for
forgiveness.

But the game went on merrily.
When second time came around there
was an expectant stir. The five, now
thoroughly ready for action, looked
to Coach Schaeffer for the word, but it
didn't come. The coach was just then
busily engaged in explaining a play to
the standing squad. He seemed to have
overlooked the five leftovers.

As the minutes of the half wore on
the five men began to shrink. Then
they shrank. When "Jimmie"
Schaeffer passed they felt like penguins
craning at a giant. Just about the
time when the five would have needed
packing to stay in a pen, a shell
"Jimmie" popped out a name.
A man jumped from the squad and a
"fresh" came blowing out of the
game. When another name was
snapped out, and another, until five
had been called.

Who were the five? No one knows.
But here are the five that went in:
forward, Meyer, Cohen, Johnson,
half-back, Montgomery; full-back,
Gibbs.
The ways of a coach are not al-
ways obvious, but the jolt given to
the squad on Saturday was plainly a
spanking. "Jimmie" has found that
freshmen make excellent birch rods.

Strand Plays.
Johnnie Strand played with the Ti-
gers Saturday. Today he says "I never
again!" One injured toe, one stiff leg
and other minor ailments are the
cause of the resolution.

Injured List.
Three varsity men and one fresh-

HOW IT LOOKS FROM THE BLEACHERS

While the Trojans were humiliat-
ing the stubborn freshmen, the Tigers
were scrimmaging out at Occidental.
The varsity was on the offense most
of the time. They went up and down
the field at will. All reports from the
front were to the effect that the prac-
tice was the best ever and that the
famous Tiger attack has hit its stride.

The Tigers will hold a secret prac-
tice today. Nobody but the players
will be allowed within pecking dis-
tance of the field. Coach Pipal will
give out some of his new plays—
plays of the phoney variety that are
not what they seem and go where
they are not supposed to. To date
Coach Pipal has been content to drill
the men thoroughly on regular,
straight football.

It may be that Coach Pipal will
spring one or two of these plays in
the Los Angeles Athletic Club game.
But it is not likely. Straight football
and last year's ground-gainers will
feature that game. The new plays he
is saving for the big game—Whittier,
U.S.C. and Pomona. It is the cham-
pionship he is laying for.

After the Tigers.
All the southern colleges are after
Occidental. They seem to pass their
game with the others by as prepara-
tory to the real struggle. Some won-
dered why Coach Glase didn't go out
to Whittier Saturday. He had his
reasons, one of which is that he will
see the Occidental-Whittier game.

He gave an inkling of what the
other might be when he said yester-
day:
"There are so many Occidental
men coaching high school teams in
the south that the Occidental style of
play is widespread."

It will be remembered that he went
out to Pasadena to see the Trojan
freshmen play the team Duffy Seay,
the famous Tiger quarter-back, is
coaching.

Baptists Strong.
The Trojans expect to strike Tar-
tary in the Baptists. Redlands is
claiming to have a regular team this
year. Their defeat of the Santa Fe
team by 27 to 0 score bears out their
claims.

D'Aule is Busy.
Inside the barred doors of the Ath-
letic Club Spanish deeds are being
planned. The Los Angeles Athletic
club eleven is practicing nightly.
"Nap" D'Aule hopes to have the
strongest team he can possibly line
up against the Tigers on Saturday.

His backfield has been giving him
trouble. He hopes to put a combina-
tion on the field that will work as
smooth as clockwork. To defeat
Coach Pipal is the height of his
dreams.

Manual Working.
Coach Frisch had his first team
specialize on teamwork yesterday,
giving them a lay off on all scrim-
mages. The men ran up and down

the field at top speed. One night
Coach Frisch scrimmages his men,
the next he tries to rub off the rough
edges that stuck up in the scrim-
mage.

Hillmen Busy.
Coach Webster is giving his Hill-
men plenty of work. Scrimmages
are nightly occurrences out at Holly-
wood. Friday is the only day that
the men have what might be called a
light practice.

Quakers Scared.
The Quakers are scared. They, too,
have looked their doors and gone in-
to secret practice. Whittier is far
from the best of the West, but
Coach Wilson is not taking any
chances.

MECHANICS PLAY
HARVARD TODAY.

Poly plays Harvard at Praeger Park
this afternoon in a practice game. The
Cadets always give the Mechanics the
hardest of their early season practice
games.
Both fifteen go after each other
hammer and tongs. Hard playing fea-
tures the game from start to finish.
combines the anxiety of each to maul
the other's rushes interfere material-
ly with the fine points of the game.
But it is always a fight and the scrap
is the thing.
This game will give the Mechanics
a good start. It will make up for the
easy-going manner walkway games
produce.

Los Angeles
TIMES

THE FOREMOST DAILY NEWS-
PAPER ON THE PACIFIC COAST.

SUNDAY TIMES

To those who are looking towards Cal-
ifornia and want detailed information about
the State, the Los Angeles Sunday Times,
with its incomparable Sunday magazine, is
far and away the best publication on the
Pacific Coast.

The Sunday Times is the largest Sunday
newspaper published in the United States.

The special issue of The Times issued
September 19, 1914, is authoritative and
especially valuable to all who would secure a
knowledge of industrial conditions and free
labor conditions in Los Angeles.

PRICE FIVE CENTS

FOREIGN REPRESENTATIVES:
Williams, Lawrence, Cramer Company,
New York and Chicago.
R. F. McNeill Company, San Francisco, Cal.

Comprehensive and Varied
Literary Features

The week-day paper runs in size from 26 to 32 pages and the
incomparable Sunday Times contains from 144 to 152 pages
each week, in addition to The Times Illustrated Weekly,
which is replete with authentic and trustworthy information
about Southern California and the Pacific Southwest, be-
sides captivating travel stories and well-written descriptive
matter of historic interest, fascinating fiction, appealing
poetry and other delightful reading matter.

Free and untrammeled—the stalwart champion of In-
dustrial Liberty—The Times stands for the best interests
of all people, for sound morals, good policies, local, State
and national, and for honest conduct both in public and
private life.

The Times is recognized as a leading power in the ma-
terial development of Southern California and in the work of
exploiting, reliably and potently, the agricultural, horti-
cultural, mining, commercial and other resources and possi-
bilities of this most promising land between the two seas.

The widespread popularity and high standing of The
Times are indicated by the fact that it regularly prints
more display and classified advertising than any other news-
paper in the world.

Subscription price \$3.00 per year; 75 cents per month,
postpaid. Sunday only, \$3.50 per year. This is a very val-
uable edition for distant readers.

FILM FIRES

BY GRACE KINGOLEY.

The largest moving-picture studio in the world! A studio containing 1400 acres!

The Jesse Lasky Moving Picture Company has just completed the purchase of 400 acres at the mouth of Wilson's Canyon, about four miles beyond San Fernando. Also they have secured the rights to the use of an additional thousand acres of foothill government land adjoining. Building will be started from time to time as they are needed in the plays.

All sorts of scenery has the new ranch, including mountain peaks, a stream, canyons and wooded hills, besides the old Wilson ranchhouse. With the beautiful sites in all California.

Here some of the scenes of "The Rose of the Rancho" are being staged, and here "The Girl of the Golden West" and William De Mille's "Warrens of Virginia" will find many locations.

A tremendous little bit of acting have Miss Bessie Barriscale and Monroe Salisbury today. A stone and mortar house has been built on the site of the old ruined lime kiln, near the Wilson house. This is being used as the Castro residence in "The Rose of the Rancho," and today the house is to be attacked and destroyed by the bullets of Kincaid's land jumpers. During the first part of the attack, Miss Barriscale and Mr. Salisbury are stationed upon the roof, amid a hail of bullets, which destroys everything about them, but leaves the lovers unscathed.

"Of course, one can only frequently hope," exclaimed Miss Barriscale, "that none of those bullets goes astray!"

Ninety Lasky people were working at the ranch yesterday, and it was a grand California day, before the gringo's coming restored to life. Indiana, vaqueros, caballeros, in gowns and velvet and tinsel jackets and breeches, with bright-colored serapes, and beautiful sombreros in silks and brocades, mantillas and the high Spanish headdress, rode or wandered under the trees, here and there gathered in the house patio or on the picturesque roof, with its palm arbor, and ancient furnishings.

"I brought from the management in New York only one order," said William De Mille, "to find the impossible and accomplish it! We expect to do a lot of the 'impossible' things in 'The Girl of the Golden West.'"

Another of the "impossible" things which the Lasky hopes to achieve is some under-the-water pictures at Catalina, providing they obtain the necessary apparatus.

Today is concert day at Talley's Broadway, and Mr. Strowbridge, organist and orchestra director, promises an especially attractive program.

Miss Ruth Hartman, new leading woman with the Noble Company, at Eldorado, is having her first taste of California life. She likes working in America better than in Paris, though she enjoys her Paris work very much. The California climate is the chief attraction, she says.

Hal Parker, assistant director of the Lasky Company, was quietly married to Miss Lillian Carey of Hollywood, last Wednesday.

Frank Hopkins, star cowboy of the Lasky Company, fresh from Wyoming frontier life, roped Jack London, rudely, but effectively, yesterday, pulling the pseudo-gringo from his horse.

Camille Astor, of the Selig Company, is to marry David Sperling, a contractor of this city, early in January of the coming year.

Miss Astor is a favorite with her film brothers and sisters, and will be greatly missed by them, for she can't be swayed from her determination to do the "freshest stuff" after her marriage.

Harry Edwards, who is now a director with the K. L. O. Company, has just completed a comedy which is a real novelty, for no human appears therein, just a mother cat, two kittens and a rat. The rat is the villain which attacks the kittens precipitating some lively scenes, and making a very amusing sketch.

The made-to-order but honest-to-goodness danger of "The Treachery of Hearts" are nearly finished, and Director Wilfred Lucas reports no casualties, though Cleo Madison says she'd have nervous prostration if the series ran much longer. Being inside the thrill factory looking out is no joke, she says.

William Garwood of the American Company, is now under the direction of Thomas Rickard, as Sydney Ayres has left the company for other fields of endeavor.

The war of the ancients as compared with those of modern times, is a revelation when one sees "Cabrera" with its warlike settings of the third century B. C. Carthage, Sicily, Syracuse, Catania, all could be knocked over like a piece of cheese with some of our modern war engines.

By the way it is said that "Cabrera" has received more magazine notices than any other amusement enterprise of the year.

Thomas Wise recently remarked that he had never realized how well he fitted the title role in "The Gentleman from Mississippi," now running at the Woodbury, until he saw himself on the screen.

"Never again," said Tom, "will I be ashamed to charge \$2 to see me act!"

Dame Rumor, gossip old gypsy, bubbles that W. H. Clune had to bring

CAPT. COLE IS THE BEST SHOT.

(BY A. F. JONES WIRE.)

PT. RILEY (Kan.) Oct. 6.—In the individual match of national division rifle competition, "D" at the Ft. Riley target range today, Capt. Earl A. Cole, First Regiment, Kansas Militia, was winner. He scored 223 out of a possible 250. Sgt. Harry L. Adams, Fifteenth Cavalry, U.S.A., was second, with 221. Sgt. Charles Meyer, Twenty-third Infantry, and Sgt. Sergeant Albert Fless, Third Cavalry, tied for third, each making a score of 219. Seventy marksmen from the United States army and the militia of many States, were competitors.

Chicago, it is estimated, has 150 bowling leagues.

GOLF, THE ARISTOCRAT.

BY ALMA WHITEAKER.

PRESIDENT WATSON of the United States Golf Association feels very intensely on the subject of professionalism in golf. They have been having a series of profound debates on the subject and professionalism is dubbed "an evil which is proselyting the game," and we are informed that "professionalism should be strictly defined that the present amateur status may be carefully and ethically maintained."

Our Pacific-Coast Golf Magazine says that "the way to clear away the

taint of professionalism is to adequately define what an amateur may do and what he must not do." After that "any offender should be classed once and for all time as a professional for any violation and this drastic action should serve as a deterrent for all future unfortunate activities."

Now it must be admitted that a great many superior gentlemen besides Mr. Watson take this matter very seriously to heart. They regard any sort of professionalism in golf as quite odious. It has been suggested that any man who accepts his fare or any expenses towards his attendance at a golf tournament should be classed as a professional, and that anyone who earns money by writing about golf should be barred from amateur standing. None but a swanky democratic country would go so far as that. Dear old smoky England never even thought of it. But then, of course, the United States needs some aristocracy and England doesn't.

The golf magazines entirely agree that the man who sells golf implements or teaches golf or is paid in any way to play should certainly be barred as a professional—but writing! Well, of course, that is very, very different.

Some of our best golfers in this country are fortunate enough to be selected by the big dailies to report the activities in the sport and they are granted satisfactory emoluments for their able efforts. These additions to their incomes are very acceptable and interfere in no way with their playing in the game of golf.

This from Pacific Coast Golf—for which Jack Neville acts as business manager and to which he frequently contributes, needless to say.

Which is, of course, a perfectly logical argument. But it also applies to the gentleman who sells clubs, the gentleman who teaches the game, the gentleman who lays out courses and the gentleman who accepts his expenses for playing at a particular resort.

"It is very different," says the same magazine, "where a Vardon or a Ray sits down and writes how to use certain clubs. This is nothing more or less than a semi-correspondence school course in 'How to Play Golf.' A beginner could take the writings of these players and, adapting them to his practice, add to his proficiency." (Doesn't he wish he could, poor dear?)

But in that case, it is a little unkind to suppose that that same beginner does not get the same amount of valuable information from the Harold Hiltons, the Hutchinsons, the Traverses, the Chick Evanses, all of whom have contributed their lordly volumes to the wisdom of the golfer—or is Harold Hilton, England's premier amateur champion, to be classed among the despised professionals?

But this thing must positively be settled. We must contribute our humble mite. Nothing could be more horrid than this grievous taint of "professionalism" and for my part I think the scope ought to be logically extended. The gentleman who sells his land for a golf course, the gentleman who invests his money in country club stock, the gentleman who buys land near a country club, the gentleman who makes money out of its prestige, the gentleman who owns any newspaper or magazine that exploits the game, the young woman who plays golf with the base ulterior motive of capturing a husband, and the young woman who sprinkles her newspaper stories with flippant comments upon sacred golf personages, should all be barred as vulgar professionals. Certainly those people who do not make money by the golfer's accelerated hunger—and thirst—and should never be permitted to rank as amateurs, and as for any person who owns shares in a firm that manufactures those fascinating golf sweaters or those essential golf shoes should be dealt with summarily.

While we are at it, the game should be settled. Nothing could be more horrid than this grievous taint of "professionalism" and for my part I think the scope ought to be logically extended. The gentleman who sells his land for a golf course, the gentleman who invests his money in country club stock, the gentleman who buys land near a country club, the gentleman who makes money out of its prestige, the gentleman who owns any newspaper or magazine that exploits the game, the young woman who plays golf with the base ulterior motive of capturing a husband, and the young woman who sprinkles her newspaper stories with flippant comments upon sacred golf personages, should all be barred as vulgar professionals. Certainly those people who do not make money by the golfer's accelerated hunger—and thirst—and should never be permitted to rank as amateurs, and as for any person who owns shares in a firm that manufactures those fascinating golf sweaters or those essential golf shoes should be dealt with summarily.

Then again all those men who own stock in large hotels where golf is a reason d'être, a la Del Monte are insidious professionals of the deepest dye. Where, for instance, would Del Monte be without its golf? In fact, no golf, no modern hotel would be a dream of continuing existence if the golfer's accelerated hunger—and thirst—and should never be permitted to rank as amateurs, and as for any person who owns shares in a firm that manufactures those fascinating golf sweaters or those essential golf shoes should be dealt with summarily.

We of the Pink Sheet stand for the purest of golf. Any man or woman who directly or indirectly seeks to make profit out of the fine aristocratic old game is a vulgarian, an interloper, a desecrator of the game, a crime against civilization. I don't see how any pure-blooded amateur could endure it.

Your humble scribe herewith indorses purity without profit. I can't perpetrate, continue to be an unscrupulous amateur, but one can do one's modest best to be a rattling good professional and must take what comfort one can from the fact that professionals have it triumph no less than amateurism. Amen. Woman's place is in the home.

MONTANA BEATS WASHINGTON.

(BY A. F. JONES WIRE.)

MISSOULA (Mont.) Oct. 6.—Playing fast, aggressive football, the University of Montana eleven defeated Washington State College here today, 10 to 0. The Montana field was heavy and both teams played a line plunging game, most of the time, though each gained ground on brilliant forward passes.

The annual western conference cross-country run will be held at Pullman, Col., on November 21. On the same day the Lafayette (Ind.) College eleven meets Indiana on the gridiron.

Cornelius Vanderbilt Whitney, son of Harry Payne Whitney, captain of the cup-lifting polo team, has taken up polo. Young Whitney has played well in practice on the Hempstead (L. I.) grounds.

Columbia University is taking up soccer football on a large scale this year. At Hartford, Conn., the public schools have adopted the sport.

Hobart Bosworth (left) directing a Jack London picture.

The smaller picture is Mrs. Phillips Smalley, the associate of Mr. Bosworth and the highest-salaried woman director in the world. In the picture with her is Mr. Smalley, a familiar figure in the moving picture dramas.

M'GRAW WILL SHAKE UP THE GIANTS NEXT SEASON.

[SPECIAL CORRESPONDENCE.]

NEW YORK, Sept. 24.—Whenever a certain piece of machinery has been used to accomplish a definite purpose, and suddenly it fails to answer its purpose and also fails to respond to the customary tinkering, there is but one thing left to do: I. e., take it apart and replace the worn parts with new ones. In some instances the whole machine may need remodeling.

So it is with the Giants. Thrice it has manufactured National League pennants, but the wear and tear was too great, just as it was in the case of the Detroit Tigers, the Chicago Cubs and the Pittsburgh Pirates. And McGraw is preparing to dismantle the machine and begin the work of rebuilding it.

Once the season of 1914 has rolled into history the Little Napoleon will begin the work—the work at which he has been so successful ever since he took charge of the New York (National League) club. He is a past master at the art of ripping apart one-time championship machines and rebuilding them.

During the winter New York anticipates many changes in the personnel of the Giants. It is believed that McGraw, Murray, Wilkes, Fromme and O'Toole are sure to go. It would not be surprising if Marquard were eased out of the fold, but this is not probable. He will most likely be held.

McGraw is not sure that Ferdinand Schupp will be the star southpaw many expect him to be next year, and it is a cinch the manager will not let Marquard go until he gets a fairly reliable lefthander to fill the breach.

MERKLE and MURRAY ARE TO GO.

Merkle and Murray are virtually sure of being given the gate, and, as far as New York can see, there is absolutely no use for left carrying Wilkes, Fromme and O'Toole. Gotham will hate to see Wilkes go. He is one of the real veterans of the club, and although he has not been of any use to the club as a pitcher for a couple of seasons, is still one of the most popular players on the club. The players like him and the fans will never forget that he injured himself in the service.

KISSELKAR IN DESERT DERBY.

HOLLYWOOD BOYS ENTER BOAT PREPARED ON THE QUIET.

Entry No. 6 in the seventh annual Los Angeles-Phoenix road race, is a Kisselkar. The entry was filed yesterday afternoon with Chairman L. T. Spethley by the Hollywood Central Garage, Dave Anderson and Charles Yager are nominated as drivers.

Anderson and Yager say they have been fitting up their car for weeks but have kept their intention to enter under cover as they wanted a chance first to put it through a number of tests.

R. C. Durant and R. L. Lawrence, who will pilot the Chevrolet car No. 2, are back in the city after spending ten days on the course. Durant states he does not know of a course that might be selected, which combines mileward, mountain and desert conditions that would prove as fast as the 1914 route of the desert classic.

"I'll predict an average of better than thirty-five miles an hour," Durant said. "This will mean excessive speed wherever possible, but I believe with experience enough to try for this race will be able to get it out of their cars."

HUN FRESMEN HOLD VARSITY.

STANTON TEACHING HIS MEN THICKS FOR BIG GAMES.

(BY JAMES WILSON—SPECIAL CORRESPONDENT.)

CLAREMONT, Oct. 6.—Coach Stanton put a number of sub on the varsity line-up, and scrimmaged the patched-up team against the freshmen here today. The freshmen were defeated, 12 to 0, in twenty-five minutes of play.

The freshmen bucked the ball the whole length of the field, to be robbed of a score when they failed to put a place kick over the bar.

The varsity then marched down the field to within two yards of the goal, where the latter held. It took four bucks to advance the ball those yards.

The Huns will play the Santa Fe Shops on Saturday here. The Huns are looking forward to a stiff battle.

Coach Stanton is giving out his most complicated plays first, reserving the simple ones for later in the season. He wants his men to thoroughly understand the hard plays when the games come. Teaching them the simple plays is no trick, and he will gradually work them in as the season advances.

MORE BOXING AT M'KITTRICK.

[SPECIAL CORRESPONDENCE.]

M'KITTRICK, Oct. 6.—At the McKittrick arena, on the night of the 15th inst., the third of the series of athletic events of the fall and winter season, will take place. Jimmie Boyd of Erie and Elmer Brown of Fellows will appear in a twenty-round boxing contest, and Pete Morris of McKittrick and Young Fitzsimmons of Taft will try conclusions in a match of ten rounds.

Jimmie Boyd is well known in athletic circles having won the amateur championship of the Northwest, at 158 pounds, in 1912. Brown has also won no little reputation, and the meeting of the two men will be well worth witnessing. Pete Morris and Young Fitzsimmons are quite popular, and their appearance will add much to the interest of the affair.

Noteworthy Fall Suits at Popular Prices—Twenty-five, Thirty and Thirty-five Dollars

There are so many women who do not care, for one reason or another, to pay more than these prices for their business and practical suits, that we have specialized in securing extraordinary values at those figures:

Distinctive Models
are shown in gabardines, serges, broadcloths—in green, brown, navy, black; long, distinguished Redingotes, or the short, natty coats with long tunic skirts; and a very wide variety of different styles to choose from
(Suits; Second Floor)

Special Values at \$22.50

—a line of early fall models, in green, navy or black; showing those wonderfully popular combinations of Roman stripes with plain serges, gabardines, etc., many cape effects in the lot; these suits really should not be sold for less than \$25 to \$30.

Wednesday—"Babies' Day" at Coulter's

Brings out several attractive bargains for fond mothers, who will feel that it is time wasted to make these little garments at home, when they may be bought so inexpensively:

Infants' Gowns 40c
—in flannelette; regularly 50c
Zimmerli Garments
—we carry the Swiss ribbed underwear in all qualities.
Burkland Shirts
—known to every mother; here at regular prices.

LIFE SAVED BY
A HEAVY COAT.Woman, Ablaze, Leaps Out
of Flaming Auto.Husband Burns Clothing in
Saving Her.Teachers Declare Children
Going Hungry.

(LOCAL CORRESPONDENCE.)
PASADENA, Oct. 7.—After clothes ablaze with burning gasoline which enveloped her body when the tank of her automobile exploded, Mrs. L. Moran of No. 194 East Penn street leaped from the machine and nearly lost her life yesterday. She owes her escape from a terrible death perhaps to the fact that she wore a long, heavy wool coat.

As she sprang from the car her husband, who was with her, and her friend, Mrs. Myrtle Pinkston, leaped after the burning woman and rolled her in the mud, succeeded in putting out the flames, but not until Mr. Moran's clothes were partly burned. With the assistance of Mrs. Pinkston, who escaped from injury, Mr. Moran and his wife, at last safe themselves, attempted to save the car by heaping

Air Does Wonders
With Gray Hair

When you looked at yourself face to face in the mirror last night and saw the gray strands that streak your hair, didn't you secretly wish that you knew of a way of GETTING RID OF THEM?

There are two ways of meeting this gray hair problem. You can temporarily change the color by chemical staining with dye, or bring back the NATURAL color with Hay's Hair Health.

Hay's Hair Health performs this miracle with the aid of AIR—harmless, but absolutely sure and effective. It contains a wonderful element which, when applied to the hair, causes that hair to come back to its natural color by the action of the oxygen.

Yet so effective is it that every strand of gray now marring your appearance will disappear—must disappear. Other gray hairs will be kept from coming—and your whole head of hair will be made strong, lustrous, beautiful.

Dandruff will disappear. The scalp will be clean and healthy. And no one will know you are using Hay's Hair Health.

25c, 50c and \$1.00 at Drug Stores or direct upon receipt of price and dealer's name. Philo Hay Spec. Co., Newark, N. Y.

plies of sand upon it, but it was completely destroyed.
Mrs. Moran is suffering from bruises on her hands.

PROTEST AGAINST BUSES.

A protest was made and filed with the City Commission yesterday by 250 employees of the Pacific Electric Company against licensing the 5-cent automobile buses.

An ordinance regulating the operation of these buses was made only last Wednesday, and nothing can be done with this newest protest, the Commissioners say, until next March. Since the ordinance governing the operation of these buses was made, nine of their drivers have asked that they be refunded on their licenses because they declare that they are being driven out of business. The Commissioners say that they may secure their refunds when they have presented their licenses and badges.

CHILDREN HUNGRY.

Mrs. H. H. Beckwith and Mrs. L. M. Baker, teachers in the Raymond-Ritzman school, declaring that the Mexican children attending the school are going hungry, appeared before the Board of Education and asked that a lunch room be installed where the children might get free lunches. The teachers said that they would be willing even to furnish the food if they had the lunch room.

NEWS IN BRIEF.

The funeral of Robert J. Scott, president of the Men's Club of All Saints' Church, who died last Thursday after a brief illness, will be held this afternoon at 2:30 o'clock from the residence at 305 East Bellevue drive. Mr. Scott, who came here about twelve years ago, was a native of Ireland.

The twenty-eighth annual meeting of the Los Angeles Association of the Congregational Church will meet here next Monday and Tuesday. Dr. Washington Gladden, one of the most distinguished ministers of the church, will deliver two important addresses. About 250 delegates and ministers will attend.

DUARTE AND MONROVIA PEOPLE ENTER FIGHT TO BEAT THE MEASURE.

(LOCAL CORRESPONDENCE.)
MONROVIA, Oct. 6.—John C. Graves, field secretary for the Farmers' and Fruit Growers' Federation, today met a representative body of ranchers and business men at the Granite Club, all of whom are vitally interested in the proposed universal eight-hour legislation. A local federation was formed, representative of the Duarte and Monrovia interests, and an active campaign of educating the voter will be undertaken at once.

E. D. Northrup, a prominent citrus orchardist of Duarte, was elected president of the organization, and R. O. Simpson, manager of the Duarte-Monrovia Fruit Exchange, secretary. F. J. Cornea, Henry Morris, A. S. Church, Adams and H. J. Evans were named directors of the federation.

The first meeting will be held next Thursday evening at 7:30 o'clock at the Granite Clubrooms. The officers and directors propose to get out the local vote and enlighten the mass of people in regard to the provisions of the proposed measure.

The Pomona College Science Club is a notably strong organization, the work of the college in the various branches being recognized as worthy and important throughout the entire West, and also in the East.

(LOCAL CORRESPONDENCE.)
POMONA, Oct. 6.—An announcement of interest here is that heretofore persons not attending Pomona College may become eligible to membership in the Science Club of the college, provided they are interested in engaged in any kind of scientific work.

CARS SPEED UP;
CREW ARRESTED.MOTORCYCLE OFFICER TRAILS
INTERURBAN TRAIN AT
SOUTH PASADENA.

(LOCAL CORRESPONDENCE.)
SOUTH PASADENA, Oct. 6.—Motorman Thomas and Conductor Hart were arrested at Fair Oaks avenue and Mission street this morning for speeding down the Raymond Hill at a rate of thirty-four miles an hour, with a Pacific Electric two-car train, Nos. 701 and 714, Los Angeles-bound. Recently complaints have been made to the city officials that the Pacific Electric cars exceed the speed limit at this point.

This morning Motor Officer Higgins trailed this car from Columbia street to Fair Oaks and Mission, where he caught the men under arrest, citing them to appear in the city court Friday morning for exceeding the speed limit. This is twenty-five miles an hour, agreed to by the officials of the Pacific Electric Railway, as well as of the city, following the tragic accident which killed Dr. C. A. Whitte earlier in the season. The Pacific Electric officials were notified of the arrest.

CHILDREN HUNGRY.

Mrs. H. H. Beckwith and Mrs. L. M. Baker, teachers in the Raymond-Ritzman school, declaring that the Mexican children attending the school are going hungry, appeared before the Board of Education and asked that a lunch room be installed where the children might get free lunches. THREE INJURED.

Motorcycle Carrying Heavy Load
Swerves Against Truck and Riders
Suffer Painful Hurts.

(LOCAL CORRESPONDENCE.)
COLTON, Oct. 6.—In a collision of a motorcycle ridden by three young people of Colton with a motor truck driven by C. G. Smith, on the road near Urbina Springs last evening, Miss Ida Freeman was severely injured, receiving a broken leg and broken jaw bone. Miss Ivy Bridges suffered bruises and a shaking-up, and James Walters, a few scratches.

All just missed being crushed beneath the wheels of the big truck, the prompt action of the driver being the only thing that saved the two girls from terrible injury and perhaps death.

CHILDREN HUNGRY.

Mrs. H. H. Beckwith and Mrs. L. M. Baker, teachers in the Raymond-Ritzman school, declaring that the Mexican children attending the school are going hungry, appeared before the Board of Education and asked that a lunch room be installed where the children might get free lunches. CHARGES TRAIN BANDIT
WITH SECOND CRIME.

(LOCAL CORRESPONDENCE.)
SAN BERNARDINO, Oct. 6.—Jesse Carle, confessed bandit of the Southern Pacific Sunset Express near Colton last Friday, was today also charged with the robbery of train No. 22 of the Espee at Chatsworth Park in July. He denies the second charge emphatically, although Brakeman C. T. Gundry of the train yesterday positively identified him. His declaration that Carle is the bandit he saw on the observation car of the train at Chatsworth Park was so certain that the officers have no doubt of it.

However, additional identification will be secured by bringing others of the day. There will be picnic lunches here to look at Carle. The Sheriff's office believe that it will be possible to fasten the recent robbery of the "Lark" near Burbank upon Carle, also.

CHILDREN HUNGRY.

Mrs. H. H. Beckwith and Mrs. L. M. Baker, teachers in the Raymond-Ritzman school, declaring that the Mexican children attending the school are going hungry, appeared before the Board of Education and asked that a lunch room be installed where the children might get free lunches. SHIPPING.

HARBOR OF LOS ANGELES.

(LOCAL CORRESPONDENCE.)
LOS ANGELES, Oct. 6.—The first ship of the season to arrive at the harbor of Los Angeles today was the S. S. "Albatross," from San Francisco, arriving at 10:30 a. m.

The "Albatross" is a 10,000-ton vessel, and is the largest ship to arrive at the harbor since the "Albatross" arrived here last year. The ship is owned by the Albatross Line, and is commanded by Captain J. H. Smith. The ship is expected to stay in the harbor for several days, and will then proceed to San Francisco.

ACTIVE AGAINST
EIGHT-HOUR LAW.

DUARTE AND MONROVIA PEOPLE ENTER FIGHT TO BEAT THE MEASURE.

(LOCAL CORRESPONDENCE.)
MONROVIA, Oct. 6.—John C. Graves, field secretary for the Farmers' and Fruit Growers' Federation, today met a representative body of ranchers and business men at the Granite Club, all of whom are vitally interested in the proposed universal eight-hour legislation. A local federation was formed, representative of the Duarte and Monrovia interests, and an active campaign of educating the voter will be undertaken at once.

E. D. Northrup, a prominent citrus orchardist of Duarte, was elected president of the organization, and R. O. Simpson, manager of the Duarte-Monrovia Fruit Exchange, secretary. F. J. Cornea, Henry Morris, A. S. Church, Adams and H. J. Evans were named directors of the federation.

The first meeting will be held next Thursday evening at 7:30 o'clock at the Granite Clubrooms. The officers and directors propose to get out the local vote and enlighten the mass of people in regard to the provisions of the proposed measure.

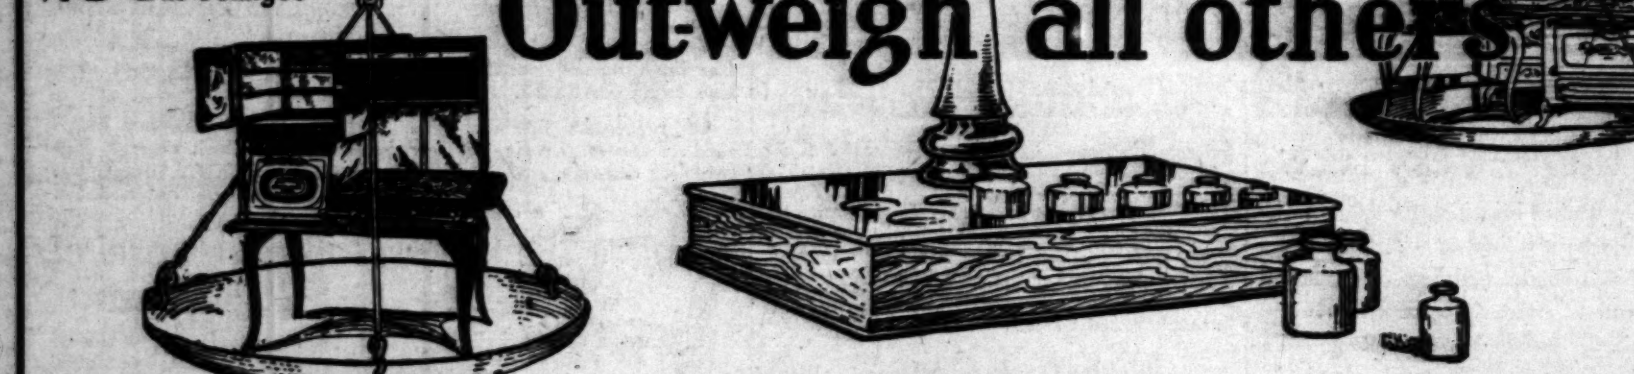

The Pomona College Science Club is a notably strong organization, the work of the college in the various branches being recognized as worthy and important throughout the entire West, and also in the East.

(LOCAL CORRESPONDENCE.)
POMONA, Oct. 6.—An announcement of interest here is that heretofore persons not attending Pomona College may become eligible to membership in the Science Club of the college, provided they are interested in engaged in any kind of scientific work.

BLITCHES ON FACE
WITH ECZEMA

Kept Awake With Itching and Burning.
Face Was Pitted. Affected
Different Parts of Body. Cuticura
Soap and Ointment Healed.

Newport, Ore.—"I was troubled with pimples all my life. They were the kind that came under the skin in big red blotches. I was kept awake night after night with the itching and burning. My face was pitted. Eczema also affected different parts of my body and I would scratch till the skin was all raw and sore.

"I took gallons of blood medicine without doing any good. No external treatment did me any good till I tried Cuticura Soap and Ointment. The Ointment relieved the itching the moment it was applied. I used the Soap and Ointment steadily for three months and they healed me." (Signed) Mrs. B. A. Toss, June 5, 1914.

UNSHIGHTLY PIMPLES ON FACE
New Haven, Iowa—"Two or three years ago pimples began to come on my face and I had dandruff. The pimples made a very unsightly appearance. They were red and numerous, some came to a head and festered and the itching caused me to scratch them. The dandruff on my head could be plainly seen. I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment and am now free from pimples and dandruff." (Signed) Clyde Firebaugh, May 11, 1914.

Samples Free by Mail
A single cake of Cuticura Soap (25c.) and box of Cuticura Ointment (50c.) are often sufficient when all else has failed. Sold throughout the world. Sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Magical Effect of
New Face Peeler
To maintain a clear, rosy, youthful complexion, there's nothing so simple to use and yet so effective as ordinary soap and water, which you can get at any drugstore in the original package. Just apply the wax at night as you would cold cream; in the morning wash it off with warm water. If you've never tried it you can't imagine the magical effect of this harmless home treatment. The wax causes the worn-out, scaly skin to come off in minute particles, a little at a time and soon you have entirely shed the offensive cuticle. The fresh young under skin now in evidence is so healthy and girlish looking, so free from any appearance of dirtiness, which you wish you had heard of this marvelous complexion-renewing secret long ago.

To get rid of your wrinkles, here's a formula that is wonderfully effective: 1c. of powdered saxolite, dissolved in 1/2 pt. witch hazel. Bathe the face in this and you will be simply astonished at the results, even after the first trial.

RESERVE BOARD
FOR COTTON LOAN.

(LOCAL CORRESPONDENCE.)
LOS ANGELES, Oct. 6.—The Federal Reserve Board took steps today to approve the plan proposed by the Middle West Cotton Loan Association for a \$150,000,000 loan.

The plan, which was approved by the board, is to issue \$150,000,000 in bonds, which will be sold to the public. The proceeds of the sale will be used to purchase cotton, which will then be sold to the government.

The board also approved the plan to issue \$150,000,000 in bonds, which will be sold to the public. The proceeds of the sale will be used to purchase cotton, which will then be sold to the government.

The Public Service.

At the City Hall.

MUST SHUT OUT MALL "HABITUALS."

BALCON MEN TO LOSE LICENSES OTHERWISE.

Judge Chambers Shows Police Commission Need for Enforcing Prohibition for Fellow who Cannot Control His Appetite for Liquors—Prompt Action Provided.

Police Judge Chambers is responsible for a stirring up of the Police Commission on the subject of strictly prohibiting the sale of liquors to the habitual drunkard. Prompt action is to be taken, and the holders of retail liquor permits will be notified at once of the provisions of the State law on this subject. They will also receive printed notice that any violation of these provisions will be considered sufficient cause for the revocation of their permits.

Judge Chambers appeared before the Police Commission yesterday and told of his experiences in the Police Court with habitual drunkards. He showed by the court records that there are cases which appear in the court time after time, including charges of drunkenness, and that often these men beat their wives or abuse their families before they are arrested. He stated that he has come to the conclusion that the only way to handle such cases is to shut off their liquor supply altogether, and appealed to the Police Commission to use the most effective means at its command—the revocation of liquor permits where liquors are sold to such persons.

Instances after instance was cited by Judge Chambers to show the need of prohibition for the "habituals." "When a man is a habitual drunkard," said Judge Chambers, "the only way to protect him against his own appetite is to take away the temptation, and thus increase the chances for his reform. The Police Commission has a very efficient means at its command, and it can bring about a change if it will let the retailer clearly understand that a violation of the law will be grounds for revocation of the license."

Mayor Rose heartily endorsed the sentiments expressed, and the commission unanimously decided to have section 237 of the Penal Code printed, with a notice following that any violation thereof would be cause for revocation of liquor licenses, and to have these slips placed in the hands of each liquor retailer.

During the discussion on this subject, Chief of Police Sebastian stated that his records show that there has been a decrease of 50 per cent. in drunkenness in Los Angeles during the past year.

REDREGGING CHANNEL.
GOVERNMENT WILL DO WORK.
Mal Raymond, United States engineer for the harbor, notified the Harbor Commission yesterday that the government is about to begin the dredging of the channel through the east basin, filled up with silt last winter. This dredging will extend from the entrance to the Wilmington basin to the channel of the Consolidated Lumber Company.

On account of the small appropriation available, it is desired to reduce the unit cost of this dredging to the minimum and to dump the dredgings as near the channel as possible. For this reason the permission of the Harbor Commission is asked for use of an area of low land north of the channel that was used for a dredging deposit field by the Consolidated Lumber Company when it made its channel. This permission was granted, as the deposits will put the land in condition for industrial sites, etc.

ROCK IS GOOD.
CATALINA TESTS SATISFACTORY.
The City Engineer reported to the Harbor Commission yesterday that tests made of the rock at Fishermen's Cove, Santa Catalina Island, have proved very satisfactory, and that a large amount of excellent material is available for harbor work.

Mr. Hamlin says that shots in the quarry expose a large amount of rock that shows 70 per cent. very good for concrete work, paving, macadam, and other work requiring a fine quality of hard, tough rock. The balance is suitable for railroad ballast. Mr. Hamlin says of this rock:

"I believe the quarry will yield rock suitable for all uses at the harbor."

PERMITS DENIED.
TWO MANY "WET" CLUBS.
The Police Commission took a turn again yesterday at denying applications for liquor permits for social clubs. Mayor Rose declared that there are too many social clubs with liquor permits and that it is wise to deny further applications at this time.

The Fennant Social Club wanted a liquor permit for the second floor of No. 109 1/2 Commercial street. The location was considered objectionable, in addition to the policy above expressed, and the permit was denied. The commission also denied the application of the Alhambra Benevolent Association, a negro organization, for a social club liquor permit for No. 519 East Fifth street.

A transfer was granted of the wholesale liquor permit for No. 408 East First street from Louis Lipshutz to Lipshutz & Lipshutz, the permit-holder having taken his son, Ellis Lipshutz, into partnership.

Permission was given William Klingstein to move his wholesale liquor establishment from No. 847 South Spring street to No. 553 South Spring street.

The social club liquor permit held by the Press Club of Los Angeles was ordered cancelled for the non-payment of the license fees. Its location was at No. 327 South Hill street.

The application of William Holker for a wholesale liquor permit for No. 309 West Fifth street for the Star Winery was held over for one week.

POLICEMAN LUMMIS.
Charles F. Lummis, secretary of the Southwest Museum, has received a promotion. He is now policeman stationed to wear a bright and shining star. The Police Commission yesterday gave its approval to the action of Chief of Police Sebastian in appointing a list of special police officers, among which is the name of Mr. Lummis. The list of appointments also included John E. Simpson, watchman at the museum; Morgan Ross, for the Bradbury building; Grover C. Crail for the Auditorium Theater; James H. Hayes, for the southwestern part of the city; Norman C. Meyers, patrolman for the American District Telegraph Company.

Block is Still Open.
Although the Police Commission

last week ordered the closing for two years of the block on Fifth street between Broadway and Hill street, it is still an "open" territory.

A supplemental report filed with the commission yesterday showed that property which was counted on the closing side is only held by a lease, and this changed the status of affairs, so that there was only 46.7 per cent. of the eligible frontage in the block for the closing. This automatically put the block on the open list again.

A petition to close South Spring street, between Eighth and Ninth streets, was filed with the commission and referred to the Chief of Police for checking of the frontage represented.

Will Keep Out Poolrooms.
The Police Commission yesterday reaffirmed its intention to keep poolrooms out of districts where large petitions have been filed asking for such prohibition. It denied the application of Pietro Seimbro for a poolroom permit for No. 1357 North Main street, on the ground that this district has frequently protested against establishment of poolrooms therein.

Would Prohibit Smoking.
John C. Mahin is the father of a movement to secure legislation prohibiting smoking in the municipality of Los Angeles. He has a voluminous document before the Public Safety Committee of the City Council yesterday, urging that the law be taken.

To back the proposition, there was presented many pages of typewritten arguments against the human smoke nuisance, including newspaper clippings, imaginary scenes wherein loss of time and efficiency are shown to be the result of the pipe, cigar and cigarette, etc.

Recommendation: "Filed." So ordered.

Chatsworth Reservoir.
Chief Engineer Mulholland presented to the Public Service Commission yesterday the map of the proposed Chatsworth reservoir, which it is intended to construct so as to conserve the full supply of the aqueduct and provide a constant source of water for the power project. There are only three land holders to be dealt with in securing the land desired, and Mr. Mulholland stated yesterday that he has assurances that the rights of way can be secured for almost nothing.

The board formally approved his report and authorized him to proceed to acquire the necessary lands and advance the plans for the project. About nine miles of rights of way will have to be secured.

Take Over Water Companies.
The Public Service Commission yesterday reiterated its policy of undertaking to absorb the thirteen private water companies operating in the city as soon as satisfactory negotiations can be closed.

H. S. McCallum, president of the Federated Improvement Association, appeared to urge that six of these companies operating south of Figueroa avenue be taken over at the earliest possible date. Mr. Mulholland reported that he has the data all at hand to make a report on their valuation, as soon as the owners have completed their negotiations with the Public Service Commission. The sentiment appeared to be that it is the move of the owners of the private concerns, if they want to turn over their plants to the city.

As the Courthouse.
DAMAGE SUIT OVER BUTTER.

NORTHERNERS ALLEGE ETHICS VIOLATED BY EXCHANGE.

Inferior Quality of Produce Sold as Extras is Charge Against Local Men for Repatriation—Restraining Order is Also Asked by San Francisco Firm.

An injunction suit in which the damages are placed at \$25,000, was filed yesterday by California Central Creameries, a San Francisco corporation, through Attorneys Gavin McNab and Oliver B. Wyman, against the Produce Exchange of Los Angeles, and the following directors: Fred L. Fallas, D. M. Dorman, John Huber, A. M. Klein, A. Fleischmann, Charles A. Moran and J. B. Jacobs. An injunction is sought to restrain the exchange from maintaining and enforcing a ruling or standard for the grading of butter whereby butter scoring less than 93 points out of a possible 100 may be graded as creamery extra and sold in trade, in violation of the established rule.

This grading of the butter as inferior quality of butter as the highest grade lowers the standard, Judge plaintiff complains, and is the result of a wrongful and unlawful conspiracy entered into by the defendants with the design of using the power and influence of the exchange to the detriment of the Central Creameries in its trade and business.

The Central Creameries maintains a large office and a warehouse in this city. It also has factories at San Francisco, Eureka, Riverdale, Ferndale, Crescent City, Cayucos, Cambria, Lemoore and San Luis Obispo. It is alleged that August 3, in violation and utter disregard of the business and purpose of its organization, trade customs and usage, the defendant adopted a new rule for the grading of butter, the exchange whereby butter not the highest grade and scoring only ninety points out of a possible 100, was graded as extra.

It is alleged that this is a violation of the rule general throughout the United States to grade butter. This rule provides that creameries extras shall be the basis for the regulation of grades and that creameries extras of a grade better scoring ninety-three points or better out of a possible 100, taking into consideration the flavor, body, color, salt, package and other wholesome quantities.

WAIT FOR BABY.
RUSSIAN MARRIAGE NIL.
As a bread winner, Mrs. Fannie Pavlov was made at home by her husband, Alexis Pavlov. When she was unable to work by reason of her condition, Pavlov threw her out of the house, so she told Judge Monroe in the failure-to-provide court yesterday. Both have children by former marriages. Pavlov is soon to become a father by the second marriage.

The case appealed to the court, but unfortunately the Pavlovs had been married by the Russian consular official, who is not recognized here. Proof of the Russian marriage was not made, and Judge Monroe said he could do nothing to compel Pavlov to support her until the baby arrives.

Mrs. Frances Jouroumisk, Russian representative of the International

Institute of the Y.W.C.A., swore to the complaint charging Pavlov with failure to support his wife. She is bending her efforts to educate the Russians to the fact that they must marry according to the American law which requires that a marriage license must first be obtained.

BLAME SALESMEN.
LIKE OTHER WOMEN.

Mrs. Emma Cheney was a dainty picture in the divorce court yesterday. Eugene Cheney, her husband, was absent, and the wonder grew when she told Judge Monroe he had deserted her, what was the matter with his eyes. Mr. Cheney is a traveling man. He married Mrs. Cheney at Santa Ana January 27, 1913, and left her July 13 last. She intimated that he seemed fonder of other women and told her he had no love for her. The decree was granted.

Mrs. Florence E. Oldham married Zack G. Oldham at Urbana, Ill., March 1, 1905, and he left her March 4, 1913. He is also a traveling man and because he preferred other women to herself, she told the court she refused to be a wife to him. The case was continued to allow Mrs. Oldham to amend the complaint on a more serious charge than desertion.

NO DAMAGES.
UNUSUAL FEATURES.

The Los Angeles Railway Corporation, sued by B. F. Wright for \$50,000 damages for negligence in jolting him off a car at Hillcrest drive and Washington street, April 5, 1914, was given the verdict by a jury trying the case in Judge Wilbur's court yesterday. Mr. Wright claimed that as a result of the injuries he received, his sight, speech and hearing were impaired. He lost twenty pounds in weight since the accident.

The corporation brought witnesses from Oakland, Petaluma and Watsonville, who had known Mr. Wright in those places, who testified that about six years ago he had suffered a stroke of paralysis which had affected his speech. Mr. Wright testified that before the accident he had been able to do a man's work. Since the accident he lost his faculties at intermittent periods.

Owing to this conflict of testimony the jury came to the conclusion that Mr. Wright's present condition was the result of the stroke of paralysis he had suffered as a result of the fall from the street car.

SHE SAYS SO.
FATHER OF CHILD?

Confronted by Maxine Mathews, aged years, in the failure to provide court yesterday, J. P. Mathews, a pensioner of the Los Angeles fire department, was asked by Judge Monroe if she was his child. Mr. Mathews replied he only knew it from what Mrs. Mabel Hackett said.

Mrs. Hackett said she was the plaintiff, charging Mr. Mathews with failing to support his daughter. His hearing will be held tomorrow at which Chief Eley is expected to be a witness.

Mr. Mathews was arrested by Deputy Sheriff Webb at the University of Southern California. At the time he was in a classroom as a medical student.

BUSINESS POINTERS.
HOW TO BE WEALTHY.

"A few trades like these I have heard described today and a man might become a millionaire—on paper," Judge Jackson remarked yesterday. He referred to the various trades that have been made with the merchandise store at No. 327-3229 Central avenue as equity.

F. H. Martin said he gave an equity of \$10,000 in a ranch for the store, and after he got it he took an inventory and found, he alleges, that the stock was not worth more than \$3000 cash. It then appears that he traded the store for an automobile and property valued at \$10,000.

"Is that the way you do business?" asked Judge Jackson.

"That's how trades are made," replied the witness.

Mr. Martin was a witness in the contract decision suit of E. O. Hanson against A. Herdan. Mr. Hanson alleges Mr. Herdan misrepresented the value of the stock, and Mr. Herdan asserts the plaintiff misrepresented the value of land he traded for the store.

PRESS AGENT?
INDIAN MAY COME BACK.
James Youngdeer, a motion-picture director, who fled from the city while under bonds charged with a serious offense, periodically writes Judge Taft that he is on the point of returning to the city.

A recent letter was dated New York, Youngdeer writes from Liverpool, saying: "I am returning to fulfill my promise to you. I almost regret making it for I am just about to do good here, but nevertheless my promise is to me more than anything else. It is bad enough for me to be accused of what I am, but I never hope to be accused of breaking a solemn promise or of betraying the confidence of my friends and bondsmen. I truly believe that I shall prove my innocence."

Youngdeer's bonds have not been

forfeited, the bondsmen believing that he will give himself up. He is an Indian, and for that racial fact Judge Taft says he still trusts him to come back.

COURTHOUSE PARAGRAPHS.
PROCEEDINGS IN BRIEF.
WHY HE LOST. Because he admitted in his answer to striking James Clark with his fist and on the stand during the trial of the case denied it, Judge McDaniel yesterday gave judgment against E. C. Junke, Mr. Clark sued for \$1500 damages for assault, alleging that Mr. Junke had broken two front teeth. Mr. Junke, who conducted a restaurant, denied the assault, setting up that in an attempt to eject his former dishwasher, who was troublesome, he had acted in self-defense.

RESTING UP. Judges Willis and Craig, who have been grinding away in the criminal courts, will take a few days off to rest up. Judge Houser will sit for Judge Willis and Judge McDaniel will run Judge Craig's department.

ESTATE INCREASES. The estate of George Alfred Ralph, who died June 21, is appraised at \$82,704.57, which is approximately \$200,000 more than was shown in the petition filed for the probate of the will. Mr. Ralph was president of the Ralph Grocery Company. He owned real estate valued at \$724,800, stocks and other securities worth \$157,204. Included in the assets is capital stock of the Ralph Grocery Company, worth \$135,000.

LARGE ESTATE. The petition for the probate of the will of Friedrich Wiedwald, who died in this city September 28, shows an estate valued at \$123,700. It consists of real and personal property, including 500 shares of the Angeles Hospital Association and twenty shares of the Bank of San Pedro. Bequests of \$250 each are made to Mr. Wiedwald's father, Friedrich, and his brothers and sisters, Michael and Daniel Wiedwald, and Gottlieb Dickman and Marie Zimny. The residue is given to the widow, Casimira Wiedwald. Ernest Froman, who, with August Wackerbarth, is named executor, receives \$10,000.

DAUGHTERS SHARE. Mrs. Annie Parry, who died September 23, last, expressed in her will filed yesterday that no inventory of the estate shall be filed unless such step is necessary. She distributes her \$25,000 estate in equal parts to her daughters, Anna P. Cowley and Margaret P. Jones of South Pasadena, and Elizabeth P. Kraatz of Interlaken, N. Y. To any person who attempts to break the will, E. A. Cole and Myron W. Tildon, she bequeaths \$5. Robert H. Cowley and Margaret P. Jones are named executors under the will.

SUIT ON JUDGMENT. Judge Shenk heard testimony yesterday in a suit brought by Walter R. Mack, an assignee of the judgments of the California National Supply Company and R. H. Herron & Co. against the Midway Valley Oil Company, amounting to \$117,175, against twenty-two stockholders of the company to collect on the judgment. The stockholders bought stock, issued at \$1 per share, for 5 and 10 cents per share. The case will be resumed today.

INCORPORATION. Fidelity Mortgage and Guarantee Company, incorporators Fufus C. Porter, G. G. Doli, W. J. Pearson, Charles E. Patterson, J. K. Connors, L. M. Adams and Robert E. Abbott, capital stock \$5,000,000, subscribed \$70; the Barlow Sanatorium Association, incorporators J. S. Torrance, Marlon E. Barlow, Mae M. Bridge, James Slauson, Bayre MacNeil, E. W. Polindexter, R. L. Cunningham, Isaac Milbeck and W. Jarvis Barlow, no capital stock; Brown-Quist-Potter Company, incorporators William A. Brown, Ernest L. Quist, Sanford L. Porter, Edward L. —This is the only place in the city where you can buy tickets except on the busses themselves.
—Go tomorrow, enjoy the pleasant ride in the big easy coaches, and the special attractions at the beach.
Information Bureau—Main Floor.

forfeited, the bondsmen believing that he will give himself up. He is an Indian, and for that racial fact Judge Taft says he still trusts him to come back.

COURTHOUSE PARAGRAPHS.
PROCEEDINGS IN BRIEF.
WHY HE LOST. Because he admitted in his answer to striking James Clark with his fist and on the stand during the trial of the case denied it, Judge McDaniel yesterday gave judgment against E. C. Junke, Mr. Clark sued for \$1500 damages for assault, alleging that Mr. Junke had broken two front teeth. Mr. Junke, who conducted a restaurant, denied the assault, setting up that in an attempt to eject his former dishwasher, who was troublesome, he had acted in self-defense.

RESTING UP. Judges Willis and Craig, who have been grinding away in the criminal courts, will take a few days off to rest up. Judge Houser will sit for Judge Willis and Judge McDaniel will run Judge Craig's department.

ESTATE INCREASES. The estate of George Alfred Ralph, who died June 21, is appraised at \$82,704.57, which is approximately \$200,000 more than was shown in the petition filed for the probate of the will. Mr. Ralph was president of the Ralph Grocery Company. He owned real estate valued at \$724,800, stocks and other securities worth \$157,204. Included in the assets is capital stock of the Ralph Grocery Company, worth \$135,000.

LARGE ESTATE. The petition for the probate of the will of Friedrich Wiedwald, who died in this city September 28, shows an estate valued at \$123,700. It consists of real and personal property, including 500 shares of the Angeles Hospital Association and twenty shares of the Bank of San Pedro. Bequests of \$250 each are made to Mr. Wiedwald's father, Friedrich, and his brothers and sisters, Michael and Daniel Wiedwald, and Gottlieb Dickman and Marie Zimny. The residue is given to the widow, Casimira Wiedwald. Ernest Froman, who, with August Wackerbarth, is named executor, receives \$10,000.

DAUGHTERS SHARE. Mrs. Annie Parry, who died September 23, last, expressed in her will filed yesterday that no inventory of the estate shall be filed unless such step is necessary. She distributes her \$25,000 estate in equal parts to her daughters, Anna P. Cowley and Margaret P. Jones of South Pasadena, and Elizabeth P. Kraatz of Interlaken, N. Y. To any person who attempts to break the will, E. A. Cole and Myron W. Tildon, she bequeaths \$5. Robert H. Cowley and Margaret P. Jones are named executors under the will.

SUIT ON JUDGMENT. Judge Shenk heard testimony yesterday in a suit brought by Walter R. Mack, an assignee of the judgments of the California National Supply Company and R. H. Herron & Co. against the Midway Valley Oil Company, amounting to \$117,175, against twenty-two stockholders of the company to collect on the judgment. The stockholders bought stock, issued at \$1 per share, for 5 and 10 cents per share. The case will be resumed today.

INCORPORATION. Fidelity Mortgage and Guarantee Company, incorporators Fufus C. Porter, G. G. Doli, W. J. Pearson, Charles E. Patterson, J. K. Connors, L. M. Adams and Robert E. Abbott, capital stock \$5,000,000, subscribed \$70; the Barlow Sanatorium Association, incorporators J. S. Torrance, Marlon E. Barlow, Mae M. Bridge, James Slauson, Bayre MacNeil, E. W. Polindexter, R. L. Cunningham, Isaac Milbeck and W. Jarvis Barlow, no capital stock; Brown-Quist-Potter Company, incorporators William A. Brown, Ernest L. Quist, Sanford L. Porter, Edward L. Johns and Herbert L. Nelson, capital stock \$75,000, subscribed \$40; Tuxedo Park, Inc., incorporators George S. Porter, E. A. Cole and Myron W. Tildon, capital stock \$5,000,000, subscribed \$2.
